

HYNES TO DO FULL DUTY

Will Promptly Act on Any Information Given Him

Proposes to Vigorously Prosecute Any Frauds Uncovered Here

Declaring his belief in the efficiency and integrity of District Attorney Hynes and in his ability to conduct any necessary investigation into alleged graft in Oakland and Alameda county, Rev. William Keener Tower, pastor of the First Baptist church, today stated that he had interested himself further in the efforts being made to bring Francis J. Hynes to Oakland as a special prosecutor since the first call made upon the district attorney last Monday.

"I have had no hand in the circulation of any petition to the board of supervisors and did not know that there was such a petition. Neither have I heard of any funds being collected for a special prosecution in this county," he said.

"Last Monday I did visit Mr. Hynes at his office in company with several other men to interview him on the subject of bringing Hynes to Oakland. After hearing Mr. Hynes' view of the matter I felt perfectly satisfied and left."

CONCORD WITH HYNES.
"I am in sympathy with the district attorney for not wanting to let Mr. Hynes supersede him in a matter of this kind. I have expressed that if there was any graft in Oakland that there are at least 30,000 right-thinking people who will give their moral support to an investigation and prosecution. Further than that I have given no interviews and particularly not the one which appeared in a morning publication today."

According to Dr. H. F. Dessau today, there was a meeting held in his office in the Thayer building last night at which a petition was drawn to be presented to the supervisors.

He said:
"I was called away before the meeting was well under way and I really do not know just who was there or what was done. However, Captain B. W. Parsons can tell you all about it."

Captain Parsons is a former ship master and at present is West Oakland route distributor for the San Francisco Examiner.

PARSONS' VIEW.
At the time Captain Parsons, along with Hugh Crane, defeated for County Assessor, Dr. Tower and L. B. Mason, real estate agent, visited District Attorney Hynes he declared that when he was master of a ship he "never let his first mate run things," and that he did not blame the district attorney for his refusal to boost Hynes to a position over his head.

District Attorney Hynes declared today that he would have no further long-distance discussion with Hynes which would tend to lower his dignity and that he had nothing further to say regarding

(Continued on Page 2, Col. 1)

Creole Would Wed Japanese; Prevented

After obtaining a marriage license which classified her as a negress, Juanita M. Demmes, 21 years of age, of San Francisco, went with Frank Onishi, a native of Japan, before Justice of the Peace Quinn to be married.

On reading the affidavit, Quinn asked the would-be bride if in fact she was a negress, and she hotly replied that she was not, whereupon the justice refused to perform the ceremony. Miss Demmes declared that she is part creole and part Mexican, and therefore she is classified as Caucasian, which fact prohibited the marriage in this state. The couple resented to the county clerk's office and were refunded their \$2 fee today, while the license was canceled. They stated that they would go to the state of Washington, where the marriage laws are so strict as pertaining to the different races.

Victor H. Metcalf Is Commercial Club Head

Four of Oakland's most prominent citizens were chosen last night at the executive meeting of the directors of the respective organizations at Hotel Oakland, to represent the consolidated Oakland Commercial Club and Chamber of Commerce.

Victor H. Metcalf, former secretary of the navy, was chosen president. Joseph H. King, vice-president. Joseph E. Cairns, secretary, and W. H. Welby, treasurer. Following the election committees were appointed to arrange the details of the new organization which will operate under the name of the Oakland Chamber of Commerce—Commercial Club Consolidated.

One Killed Two Hurt by Passenger on Ship

CHARLESTON, S. C., Nov. 12.—F. W. Hunsan, business manager of the Jacksonville (Florida) Times-Union, was killed and Captain Ingram of the Clyde liner Mohawk and C. L. Wright of Tulsa were seriously wounded by a passenger alleged to be H. G. Perkins of Baltimore, while aboard the Mohawk last night at sea.

Delegation Stirs Ire of Nation's Executive

WASHINGTON, Nov. 12.—President Wilson, while receiving a delegation of negroes today who came to the White House to protest against segregating the races in government departments, objected to the tone adopted by their spokesman, W. M. Trotter of Boston, and told the committee that if it called on him again it would have to get a new chairman. The President added that he had not been addressed in such a manner since he entered the White House.

The delegation charged that Secretary McAdoo and Comptroller Williams in the treasury and Postmaster General Burleson had enforced segregation rules in their offices. President Wilson replied that he had investigated the question and had been assured there was no discrimination in the comforts and surroundings given to the negroes.

He added he had been informed by officials that the segregation had been started to avoid friction between the races and not with the object of injuring the negroes.

The President said he was deeply interested in the negro race and greatly admired its progress, and what was sought by the negro people was complete independence of white people, and he felt the white race was willing to do everything possible to assist them.

THEY CONTRADICT.
Trotter and other members at once took issue with the President, declaring the negro people did not seek charity or assistance, but that they

Miners Buried Four Days Rescued Alive

POTTSVILLE, Pa., Nov. 12.—John Evans and William Schriener, coal miners, imprisoned four days behind a huge fall of coal in a mine in which they were working, were rescued alive this morning. Rescuers dug desperately in the effort to reach the imprisoned men, never halting for a minute.

Headquarters Opened for Receipt of All Supplies

Twenty-five nightgowns an hour is the average demand by Oakland women who are providing winter garments for the destitute dames of Belgium.

Until yesterday afternoon it was not known how many nightgowns the women were making for shipment to the war zone. But the headquarters in the Federal Realty building began to receive these donations and other kinds and in four hours after the doors had been opened 100 flannellette robes de nuit had been brought. The work continues. In Rev. E. P. Dempsey's parish of St. Mary's the "Catholic Ladies Aid Society" is sewing twenty belts of the warm cloth into finished garments.

Mrs. Hugh Hogan is leading a coterie of St. Francis co. Sales' women likewise engaged. Mrs. Ganz leads the workers at the Key Route Inn.

Mrs. Zeimer and Mrs. Mosbacher, who originated this form of Belgian relief, are still urging assistance from dexterous women.

"The appeal is for quick action," said Mrs. Mosbacher today. "It must not be put off from day to day, but relief and assistance should be rushed forward as quickly as possible. Time is of the essence of our call, for winter is fast approaching over in that country and we must speed to postpone the matter of the hour for work of a minor importance."

The "donations" which were brought upon as a practical argument to send because of the texture of the material, making it warm, and because of the custom of the Belgian peasantry, whose women wear such robes either for sleeping dresses or for daily wear. The gowns are so designed as to be serviceable in either way.

HEADQUARTERS OPENED.
The Belgian relief committee has opened headquarters in the Federal building at Telegraph avenue and Broadway, and all supplies should be sent to that point.

Next Tuesday the board of education has set aside for the receiving of donations and contributions by the children of the Oakland school department. As the relief ship expects to get away within a week all donations should be rushed in as early as possible. The amount required for that sailing is \$25,000 and this

Students Guard Campus From Invasion

UNIVERSITY OF CALIFORNIA, Nov. 12.—Hundreds of sophomore men students of the university guarded by turns today the Big "C" on Charter hill as a result of rumors that a Stanford cohort had planned to rush the hill by force of numbers and dash their gaudy pigment on the sacred Berkeley emblem. At 9 o'clock the second detachment of guards of the day carried gold paint up the hill with them and redecked the big letter in a brighter hue.

Where the rumor came from of the threatened hill assault, no one today seems to know, but it was thought possible that California's possession of the secret might ward off the attack. At any rate it had not developed up to noon.

While the Blue and Gold guards were watching the campus entrances in the fog throughout last night, an automobile containing six husky Stanford students stole a march on them outside those confines. The intruders were finally caught by Sergeant Thomas Woolley and sent off to the police house and sent off to the police house.

The students were found on the sidewalks in front of the Sima Nu, Theta Delta Chi, Phi Gamma Delta, and Sigma Chi fraternities. Under the seats of the automobile were several pots of red paint, which Woolley discovered and confiscated.

"We were going to smear the paint inside the campus," admitted the leader of the automobile party, "but when we saw the gang on hand guarding, it didn't look possible."

Sergeant Woolley did not take the

Score Are Injured in Lehigh Valley Wreck

NEW YORK, Nov. 12.—Lehigh Valley train No. 2, bound from Buffalo to New York, left the tracks this morning near Mud Run, Pa. No one was killed. The engineer, fireman and six passengers were injured and taken to hospitals. A score or more persons were hurt by shattered glass and were bruised but not seriously.

Shells Kill Four Children

REVERSES TROUBLE LONDON

Big Wave of Optimism Checked by News of War

Germans Reported to Be Strengthening Big Fortresses

By Associated Press.
LONDON, Nov. 12, 12:30 p. m.—The Russian successes in the east which for a time were predominant features of the war news, must again divide space with the accounts of re-kindled activity on the part of the Germans in West Flanders, where the forces of Emperor William have disproved the contention of the allies that their attempt to force their way to Dunkirk or Calais had finally failed.

With Dixmude in their possession, the invaders today were less than fifty miles from Calais and much nearer Dunkirk, and the fight they have been putting up in the face of tremendous losses seems to bear out what had also been said—that they will not abandon the struggle to reach the coast unless they are utterly crushed. The English and French theory is that the holding of Dixmude is only temporary, that its history will be much the same as that of other towns which have been taken and retaken in the fighting on the Yser.

ATTACKS NEAR COAST LINE.
In certain places north of Dixmude the Germans are at least on the left bank of the Yser, that is, on the side nearest the French coast.

(Continued on Page 3, Col. 4)

War Summary

Fighting between the Turks and the Russian army of Caucasus apparently is still in progress without definite result. The Russian staff reports that it is maintaining its position, routing the Turkish forces which attempted an enveloping movement. A Turkish torpedo boat, according to a dispatch from Athens, has been captured off the coast of Asia Minor.

Over the long battle lines of Europe comparative quiet prevails today, except in Belgium, where the still undecided conflict continues with deadly fury.

On the Serbian border sharp fighting is in progress and the Turks are in action against the Russians, but on the main positions through France, along the East Prussian border and in Galicia, there apparently is a lull.

Today's official French statement, the only authoritative word up to early afternoon, sketched out a battle line which adhered closely to that previously reported. In contrast with yesterday's frank admission of a German advance, including the capture of Dixmude, the French statement of today was non-committal.

Fighting continues with violence on the western end of the line. It is said but there is no indication whether the Germans have succeeded in pushing further their advance. It is assumed in all quarters that the utmost energy of the allies will be expended in efforts to stem the German movement west of Dixmude, as the road lies straight to Dunkirk, on the channel.

Minor engagements are reported at other points on the line, but apparently there have been no movements of note. Along the Serbian border the only point from which heavy fighting is reported, the Austrians are making a determined effort to crush Serbia and complete the campaign before the opening of winter.

KAISER'S SHIPS REPORTED LOST IN THE PACIFIC

By Associated Press.
LONDON, Nov. 12, 3:30 p. m.—A report was current in the lobbies of the House of Commons this afternoon that three German cruisers had been sunk in the Pacific at a place not specified. No confirmation, however, of this rumor is obtainable.

GERMANS DESTROY BRIDGES.

By Associated Press.
LONDON, Nov. 12, 9:10 a. m.—The Amsterdam correspondent of Reuter's Telegram Company telegraphs the following: Sluis advises indicating that Germans continue to blow up bridges and that among the structures so destroyed is the bridge near Heyst, in West Flanders. Sentries are guarding the railways from Bruges to Ghent, from Courtrai to Ostend and so forth.

The allies continue to occupy Ypres, but shells falling in town yesterday killed four children. Aeroplanes are reported to have dropped bombs which damaged the church and town hall and set fire to several other buildings.

The Kaiser in journeying through Flanders, visited Courtrai and expressed his appreciation for the manner in which the German troops are quartered.

From the Nieupoort zone only feeble gun firing was heard on Wednesday. Trainloads of wounded are continuously being transported from the battle line.

CAPTURE 700 FRENCH SOLDIERS.

By Associated Press.
BERLIN, Oct. 12, via London, 6 p. m.—German general headquarters issues the following: "The enemy advanced from Nieupoort as far as Lombaerthide, but was driven across the Yser. The eastern bank of the Yser, as far as the sea, is now clear of the enemy. Our attack across the Yser canal to South Dixmude is progressing. In the region east of Ypres we have advanced further and captured 700 French soldiers, four cannon and four machine guns."

"Graves" Conceal Germany's Guns

By Associated Press.
WARSAW, Russian Poland, via Petrograd and London, Nov. 12, 2:33 p. m.—Russian soldiers continue to unearth near Warsaw German machine guns, rifles and ammunition which had been concealed by the Germans in mounds on the battlefields which had been given the appearance of graves. The presumption here is that the Germans intended to utilize this material in a new attack on Warsaw.

Socialist Congress May Be Peace Forum

COPENHAGEN (via London), Nov. 12, 8:10 a. m.—It is announced that the Socialist peace congress, which meets on December 6, will discuss the possibility of making peace overtures. Representatives of all neutral countries have been invited, and Copenhagen is believed to be the city where such negotiations, if initiated, will be held.

(Continued on Page 3, Cols. 1-2)

CARRANZA DEFIANT
Villa, Acting for Conference, to Strike

WASHINGTON, Nov. 12.—General Villa, at the head of a large column of troops, has begun marching south from Aguas Calientes, to attack the Carranza forces under General Gonzales at Queretaro. Official advices today say the Aguas Calientes convention ordered the movement.

General Blanco, who had announced his intention of remaining loyal to the convention, started for Mexico City to take command of his troops, but was arrested at Silao by General Gonzales.

George G. Carothers, American consular agent, reported that he was accompanying Villa on his march south.

WASHINGTON, Nov. 12.—Treason riled again today in the Mexican situation.

General Eulalio Gutierrez has taken the oath of office as provisional president at the Aguas Calientes convention, which simultaneously declared General Carranza, hitherto first chief

(Continued on Page 2, Col. 4)

HYNES READY TO VINDICATE LAW

He Asserts Readiness as District Attorney to Investigate Charge.

(Continued From Page 1)

the controversy. "Actions speak louder than words," he said significantly. District Attorney Hynes is known as one of the best prosecutors in the state. He has more hard case convictions to his credit than any prosecutor in California.

Regarding the election frauds Hynes has already caused a large number of indictments to be returned and he proposes to vigorously prosecute the offenders.

GRAND JURY MEETS.

When the newly impaneled grand jury met for its first business session today a number of witnesses who had been subpoenaed by District Attorney Hynes were called to testify. First on the list was County Clerk John P. Cook who was detained in the room while two women, whose names were not given out, were examined by the grand jury. It is said that they served on election boards.

Charged With Brutal Assault Upon Women

REDDING, Cal., Nov. 12.—Still splattered with blood, Frank Reed, a farm hand, is under arrest today charged with two brutal attacks on unprotected women.

Miss Mabel Baker, a school teacher, whose screams frightened her assailant away, positively identified him as the man who choked her so severely that her throat still shows the marks of his fingers.

Miss L. A. Barnes, who was struck five times with an axe, and is now in a hospital here, was too weak to be confronted with the prisoner. Her condition is serious.

The attacks took place last night near Palo Cedro.

Miss Baker ran a mile to the nearest farm house and gave the alarm. Mrs. Barnes crawled half a mile on her hands and knees to the high school where she was working, and from there she was taken to the hospital.

Reed says the bloodstains on his clothes got there while he was killing hog. He was not at the scene of the attacks where he worked, a mile from the scene of the attacks.

Suffrage Council Is Non-Partisan by Vote

NASHVILLE, Nov. 12.—By a decisive vote the executive council of the National American Woman Suffrage Association at the opening of the forty-sixth annual convention here declared its political non-partisanship and went on record as opposed to attacks upon any political party.

This action was considered a preliminary victory for the so-called administration forces against the element in opposition and generally supposed to look with favor upon the congressional union.

The resolution defining the policy occasioned spirited debate. It asserted "that our non-partisan policy requires that the attitude of the national association toward an individual member of Congress or a candidate therefore shall be determined by his individual attitude or record on woman suffrage and not by the attitude or record of the party to which he may belong."

The resolution was adopted by a vote of 42 to 15.

SUELS ON BIG NOTE.

Suit to clear the interest due since March, 1912, was filed in the superior court today by Stuart S. Hawley against W. H. McDuffie, a millionaire oil man of California. The note was given by McDuffie to W. S. Tevis and by the latter assigned to the Hawley Investment Company of this city.

PROCEEDS OF BAZAAR FOR NURSES' BUILDING

MRS. AMOS EVANS, president of State Nurses' Association, and Harriett, mascot of the Alameda Association.

The annual Christmas bazaar of the Alameda County Nurses' Association opened this afternoon in Ebell Hall, where pretty nurses representing the different hospitals of the bay cities are assisting at the booths. The fair will continue until Saturday evening, when it will close with an informal dance. Novelties of all description will be sold by the pretty nurses, who are working enthusiastically to increase the amount in the nurses' building fund. Last year several thousand dollars was collected at the fair and it is stated that there is now \$4000 in the treasury for the new nurses' home, which the association expects to erect next year.

Harriett Evans, will sell candies and tickets.

In the tea booth the helpers will be clad in Japanese costumes. The booths have been arranged as follows:

Fancy work, Mrs. J. H. Barker; bags, Miss M. S. Phillips; aprons, Miss Claire Cole and Miss Velma Connelly; dolls, Mrs. H. D. Bell and Mrs. M. S. Gregson; Pandora boxes, Miss Kate Creighton, Miss Jennie Fitch and Miss M. E. Holliday; cookies, Miss Pauline Strassburg and Mrs. L. F. Brandt; candy, Miss L. Shinn and Miss Myrtle Hayford; grab bags, Miss Butterfield; tea, coffee and ice cream, Mrs. A. C. Smith and Miss Elsie Richardson; lemonade, Miss Edna Shiley and Miss E. Tiffin; fortune telling, Mrs. Mark L. Emerson and Mrs. C. L. Hare; paddles, J. H. Barker and Amos W. Evans.

The committees consist of Mrs. Amos W. Evans and Miss Nellie Hughes, reception; E. O. Rasmussen and Amos Evans, decorations.

ship must not be confounded with the other ship sailing later, which will carry foodstuffs and supplies only.

Mrs. Wallace M. Alexander, who is at the head of the knitting contributors, stated that woolen socks and sweaters are being made and that the inmates of the Old Woman's Home are contributing to this department.

Clubs and coteries all over town have systematized their work so that each hand of the knitters are confining themselves to one kind of garment. The Catholic Ladies' Aid are co-operating with Mrs. Mosbacher and Mrs. Zeimer in their flannellette nightgown movement; others are making edgewood kimonos, while others are making up hospital jackets, woolen petticoats, sweaters, socks and the like.

PIEDMONT LADIES BUSY.

One of the busy headquarters is the Sunday school rooms of the First Presbyterian church. At this point the Piedmont ladies have provided sewing machines, contributed the sum of \$1 each for the purchase of materials and meet daily for the purpose of adding to the supply demand.

The Fruitvale branch has been organized with Mrs. C. C. Clay as president, Mrs. James Hamilton secretary and J. McKinnon as treasurer. This branch meets in the Fruitvale Congregational church and aside from garments the sum of \$162.15 has been collected.

Philadelphia Sends Shipload of Food to Hungry Belgians

PHILADELPHIA, Nov. 12.—The food ship Belma, bringing 1900 tons of foodstuffs for the starving people in Belgium, sailed from this port today for Rotterdam, from which point her cargo will be distributed.

The departure was made impressive by the attending ceremonies. Mayor Blankenburg and distinguished citizens were on the wharf and a great throng of people watched the little Norwegian ship as she steamed away. A band played the "Star-Spangled Banner" and "La Frabancolie," the national anthem of Belgium.

The sending of the food was made possible by the generosity of the people of Philadelphia. One citizen paid the expenses of the ship and contributions ranging from 1 cent to \$1000 bought the cargo.

DELEGATION STIRS PRESIDENT'S IRE

Contradicted He Refuses Further Conference Unless Chairman Quits.

(Continued From Page 1)

took the position that the negroes had equal rights with whites and that those rights should be respected. They denied there had been any friction between the two races before the segregation was begun.

President Wilson listened to what they had to say and then told the delegation that Trotter was losing control of his temper and that he (the President) would not discuss the matter further with him.

After leaving the President's private office Trotter, Maurice V. Spence and others of the delegation declared their talk had been "thoroughly disappointing." They declared they would hold a mass-meeting in Washington Sunday to discuss the question.

Wilson is understood to have told the committee the question was not a political one and that he would not take it up on political grounds.

German Authorities Aid Belgian Relief

LONDON, Nov. 12. 2:46 p. m.—Jervis E. Bell, New York, the first member of the American commission for relief in Belgium to return from Belgium since the distribution of relief began, says that instead of hampering the efforts to relieve the starving people, the German authorities are doing their utmost to assist the commission in its work.

In Belgium the shipments of foodstuffs consigned to the American minister, Brand Whitlock, and in care of the commission, are permitted to proceed with minimum delay.

Bell praises equally the Dutch officials for their assistance in the matter of food shipments. In the case of the Coblenz, the first American relief ship to arrive, the officials rushed the law momentarily and for the first time in history a ship was permitted to discharge her cargo at a Dutch port on Sunday.

VILLA RIOT IN MEXICAN CAPITAL

Twenty-six Yaquis Are Captured and Executed for Disturbance.

(Continued From Page 1)

return to the convention from their visit to Carranza at Cordoba and the belief in Aguas Calientes is that they will remain loyal to Carranza.

TO PROTECT FOREIGNERS.

MEXICO CITY, Nov. 12.—John R. Sullivan, personal representative of President Woodrow Wilson, called on Minister of War Pasquerra yesterday for a conference relative to what guarantees would be given foreigners in case of the invasion of the capital by followers of Zapata or by General Villa.

The minister of war assured Sullivan that the city was amply garrisoned to prevent any danger, both General Obregon and Blanco being here in person with 25,000 men, while General Alvarado commands a detachment of 150 machine guns and a large artillery force. The American representative left the war office expressing satisfaction with the arrangements made to protect the inhabitants.

Later last night newspaper extras were being distributed free on the streets and in the theater. The papers contained a bulletin, purporting to be signed by V. Carranza, saying that Brigadier-General Frederick Funston had just communicated to General Candido Aguilar, commander of the Constitutional forces outside Vera Cruz, that Washington had resolved on the immediate evacuation of Vera Cruz.

Thousands of troops under General Carranza and his advisors were sent south to the Isthmus of Tehuantepec last night after officials had conferred with General Carranza at Cordoba.

UNITED STATES WAITS.

WASHINGTON, Nov. 12.—President Wilson and his advisors today awaited further news of conditions in Mexico before determining upon a date for the evacuation of Vera Cruz. Inasmuch as all factions in Mexico have agreed to the American demands for guarantees, belief was expressed that the troops would be ordered to leave the southern port as soon as conditions make it possible.

The United States promised some time ago to order the evacuation when the guarantees it sought were complied with.

Carranza granted amnesty to Mexicans who worked for the American government at Vera Cruz and gave orders against the collection of taxes or customs paid to American officials. Other factions as-

on the immediate evacuation of Vera Cruz.

YAQUI NIGHT RAIDERS.

Early yesterday the downtown section of the city was thrown into a panic when a party of Yaqui Indians and soldiers tore through the streets in two touring cars, discharging firearms as they went.

This led to the report that the national palace was being attacked by followers of General Zapata and Villa. The automobilists were finally arrested by police.

At 11 o'clock in the forenoon the capital received a second scare when fifty Yaqui Indians marched to the barracks near the National Palace and demanded that the sentries shout "Viva Villa." The refusal of the sentries to comply drew a rain of bullets from the Yaqui guns. Soldiers later captured and executed twenty-six of these Yaquis.

General Obregon yesterday sent a message to General Villa warning him that failure to resign would cause the breaking out of immediate hostilities on a large scale. General Obregon also sent a dispatch to each of General Villa's division commanders saying:

"Unless you can persuade General Villa to cease his southward advance anarchy and possibly intervention will ensue."

ALL AGAINST VILLA.

Minister of War Pasquerra declared last night that if a struggle comes it will not be between General Villa and General Carranza, but between General Villa and the entire country. General Gonzalez has sent a message expressing the same sentiment to General Eulacio Gutierrez, recently chosen provisional president by the Aguas Calientes peace convention.

The Constitutional generals in the capital have expressed the wish that General Villa resign as commander of the northern army, and that the Aguas Calientes peace convention come to Mexico City on November 19.

Generals Blanco, Obregon and Villarreal have promised that if these things are brought about they will give their allegiance to General Eulacio Gutierrez until a new government is definitely formed.

Seven thousand troops under General Carranza and his advisors were sent south to the Isthmus of Tehuantepec last night after officials had conferred with General Carranza at Cordoba.

sent through an order adopted at the Aguas Calientes convention.

Official advisers indicated the political situation in the southern republic had not cleared, and other reports stated parleys among the factional leaders continued.

RIVALS AT WAR.

EL PASO, Tex., Nov. 12.—War has been declared between the Carranza and Villa elements of the Constitutional army, according to advices received at Juarez last night from officials of the conclave of chieftains at Aguas Calientes.

A preliminary battle already has occurred at Leon, between the convention city and Queretaro. It is reported that at a meeting of the convention last night General Carranza, the Carranza commander, has moved his forces from Queretaro to Salao to meet the Villa advance. General Manuel Chao, a Villa chieftain, departed from Aguas Calientes with a strong column.

A message from official sources in Mexico City last night, given out by Rafael Musquiz, the Carranza Commissioner to the United States, said:

CHIEFS FOR CARRANZA.

"The first chief is at Cordoba. A majority of the principal chiefs have declared in favor of Carranza. Villa has called on the people to take arms. All the south and east is loyal to the first chief."

A telegram from Aguas Calientes says that at a meeting of the convention last night General Carranza was branded as a rebel.

General Panfilo Natera, a vice-president of the convention, rose and declared that the deposed "first chief" should be considered a rebel because the allotted time had expired for him to recognize the sovereignty of the assembly of chieftains.

His remarks were greeted with wild applause, said the report. Natera had been considered one of Carranza's strongest supporters since his appointment as chief of a newly created central zone had precipitated the Carranza-Villa estrangement some months ago.

ZAPATISTAS ATTACK PUEBLA.

VERA CRUZ, Nov. 12.—Eulacio Aguilar, supported by General Benjamil Argumendo and a contingent of Zapata followers, is attacking Puebla. 67 miles southeast of Mexico City, according to advices received here last night. The attacking party already is in possession of the outskirts of the city. Constitutional soldiers sent from the capital to reinforce the Puebla garrison are resisting stubbornly.

READY FOR EVACUATION.

WASHINGTON, Nov. 12.—The American evacuation of Vera Cruz can be accomplished within 48 hours after President Wilson gives the order.

Everything was in readiness today for bringing Brigadier-General Funston and his 4000 troops and 2500 marines back from their six-months stay in the Mexican seaport. Developments of the next few hours, which will determine whether they are to come home and let the Mexican factions fight out their differences, or whether they will remain indefinitely, hinged upon what news comes to the

OUCH! LAME BACK; RUB LUMBAGO OR BACKACHE AWAY

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacob's Oil."

Kidneys cause Backache? Not! They have no nerves, therefore cannot cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacob's Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacob's Oil" from your druggist and rub it up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacob's Oil" whenever you have sciatica, neuritis, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Advt.

ASSESSOR C. F. HORNER THANKS HIS FRIENDS

To the many loyal friends who so generously supported me for assessor of Alameda county, I take this means through the public press to thank each and every one for the splendid vote given me at the general election.

To the press I also extend thanks for their many kind words said in my behalf.

As the tax-payer I desire to extend a cordial invitation to visit the office at all times for the purpose of co-operation.

C. F. HORNER, Assessor, Alameda County.

POSITIVELY MASTERS GROUP.

Foley's Honey and Tar Compound cuts the thick choking mucus, and clears away the phlegm. Opens up the air passages and stops the hoarse cough. The soothing, strengthening light for throat gives way to quiet breathing and peaceful sleep. Harold Berg, Miss. Niche, writes: "We give Foley's Honey and Tar to our children for croup and it always acts quickly." No wonder a man in Texas walked 15 miles to the store to get a bottle of Foley's Honey and Tar Compound. Every user is a friend. Sold everywhere.

LOS ANGELES TO LEAD.

LOS ANGELES, Nov. 12.—Carranza has appointed Pablo Gonzales commander-in-chief of his forces in Mexico and moved 40,000 men to Cordoba to meet Villa's attack, according to an official telegram which Ashford Carillo, Carranza's representative here, said he had received from Mexico City today.

SIX BATTALIONS OF AUSTRIAN INFANTRY WIPED OUT GERMAN AEROPLANES DROP BOMBS, WRECKING BUILDINGS IN YPRES

(Continued From Page 1)

and the possession of the village so far as availed them but little.

Aviators report the movement of German troops and heavy guns on a large scale in the interior of Belgium, some going towards Germany, others towards Antwerp, and yet others toward Arras. The explanation of this movement appears to be that solid troops capable of operating in the open, are being sent to Eastern France, their places in the trenches being taken by less trained men. The guns going to Antwerp, it is believed here, are due to a desire to have a strong flank position against the allies in their advance on Brussels.

DYNAMITE CANAL BRIDGES.

SAS VAN GENT, Holland, Nov. 11, via London, Nov. 12.—German engineers today dynamited bridges across the Leopold canal at Dalghe, near the Dutch frontier. The Germans also threw a number of large trees across the roads leading to the Holland frontier. In this way the flight of peasants, which recommenced on November 8, is made impossible, and the province of West Flanders is entirely cut off from the world.

Since this morning the customary roar of heavy cannon has been lacking.

VIOLENT FIGHTING CONTINUES.

PARIS, Nov. 12.—The French official statement given out in Paris this afternoon says:

On our left wing the fighting still continues with violence and has been conducted with alternate advances and retirements. The battle front has not varied greatly since the tenth of November. In the evening of yesterday it extended along the line between Lombardzde and Neuport, the Neuport canal, in the approaches of Ypres, in the region of Zonnebeke, and to the east of Armentieres.

There has been no change in the positions held by the British army, which repulsed the attack of the enemy and particularly an offensive

EXPECTED END OF EMDEN'S CAREER

Berlin Papers Praise the Lost Cruiser for Daring Deeds.

BERLIN, Nov. 12, via The Hague and London, 11 a. m.—All the morning papers of Berlin unite in publishing articles in praise of the commerce-destroying career of the German cruiser Emden. The papers declare that her final destruction always had been assured. The Emden was driven ashore on the Cocos island and by the Australian cruiser Sydney. The Morgen Post says that never has a single ship taken part in international warfare with such terrible results, and all the papers print from London journals laudatory articles on Captain Carl von Muller, commander of the Emden. Major Morath, the military critic, writes in the Tageblatt:

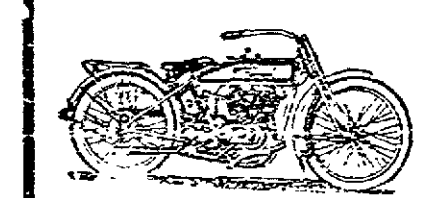

"There has been no question that the career of the Emden was bound to come to an end before long. The British admiralty would have lost the confidence of the nation unless it finally succeeded in destroying her. In view of the great difference between the fighting power of the Emden and that of her opponent, the Sydney, it is no wonder that she suffered severely. Her career has been a glorious one and never will be forgotten."

Mongolia Conference Deadlocked by China

PEKING, Nov. 12.—There is now in session at Khabarovsk, Siberia, a conference concerning the present situation of Mongolia at which the three interested powers are represented, each by a delegate. The Chinese delegate is said to be maintaining an uncompromising attitude.

There have been rumors in Peking that Chinese troops in Mongolia were moving toward the Russian border, and an effort has been made to connect this activity with the deadlock of the conference. Inquiries, however, have brought denials from the Chinese authorities of this military activity, and the reports are elsewhere discredited.

1915 Harley-Davidson

with three speed, will be on exhibition at our store Saturday, Nov. 14th, at 8 p. m., and until Tuesday p. m.

Store will remain open Sunday until 4 p. m. and Monday evening until 10.

PUT RETREAT BLAME ON PRINCE

Russians Ascribe Failure of the German Advance to Center's Flight.

PETROGRAD, Nov. 12.—The Russian general staff issued the following statement today:

"In East Prussia on November 11, an action developed on the front of Stalluponen, Krougallen and the region of Soldau. Our troops occupied Johannsburg, a small town of East Prussia, seventy miles southwest of Gumbinnen.

By Associated Press.
LONDON, Nov. 12.—The Petrograd correspondent of the Daily Mail sends the following:

"It is now stated semi-officially, but not yet mentioned in the official communications, that it was the failure of the German crown prince to hold his position in the center which compelled a retreat along the whole line. While General von Hindenburg on the left and the Austrians on the right were both maintaining their positions, the crown prince's army was feeling back to the fatherland."

CRUISERS HALT S. F. STEAMSHIP

The Officers of Allied Cruisers Overhaul the Liner Ventura.

SAN FRANCISCO, Nov. 12.—Passengers who arrived here today by the liner Ventura, which left Sydney, October 24, reported that a few days before sailing 25,000 Australian troops were embarked in twenty-three transports, conveyed by fourteen cruisers, and sailed under cover of night for a destination rumored to be Egypt.

While off the Fiji islands, Captain Cowell sighted warships astern. They came up rapidly and proved to be the French cruiser Montcalm, the British cruiser Encounter, and the Australian battle cruiser Australia. Officers came aboard, scanned the ship's manifest and passenger list, gossiped, and asked for the latest papers, and returned to their vessels.

When the boarding officers of the allied cruisers were done with their serious tasks their examination of the ship's manifest and her passenger list, they listened greedily to accounts of the progress of the war. During the chat the Ventura was combed from stem to stern by the Ventura officers and passengers, who loaded the boarding boats with cigarettes, cigars, candies, newspapers, magazines, fruits and other luxuries and delicacies for the crews of the cruisers.

As the boarding officers pulled away from the Ventura the latter's passengers crowding her decks cheered the bluejackets aboard the cruisers standing by.

Japanese Casualties at Tsing Tau 1500

PEKING, Nov. 12.—A Japanese military report received in Peking sets forth that the casualties to the Japanese army before Tsing-Tau numbered more than 1500. But according to reports from Tsing-Tau itself, received in Peking before the German wireless ceased operating, this number does not represent the correct total. The British lost twelve men killed and sixty-one wounded.

The Japanese record indicates that the German losses were small for the reason that the German garrison surrendered as soon as the Japanese infantry stormed the trenches. No detailed report of the Tsing-Tau campaign from the German standpoint has been received here.

American Consulate Is Damaged by Shell

By Associated Press.
RHEIMS, France, (via Paris), Nov. 12, 11:05 a. m.—German shells exploded yesterday in the street opposite the American consulate. The front of the building was cut up by the shrapnel bullets, but neither the American staff nor the flag of the consulate was damaged.

For six weeks German shells by the thousands have been falling into this quarter of the city, but this is the first time the consulate has been struck.

William Bardell, the consul, left here by direction of Ambassador Herrick three weeks ago and the consulate is empty. So far as is known, there is not a single American in Rheims.

Australians to Honor Emden's Commander

LONDON, Nov. 12, 5:20 p. m.—The Australians are making preparations to welcome Captain Carl von Muller, commander of the German cruiser Emden, destroyed recently by the Australian cruiser Sydney, telegraphs the correspondent at Sydney, N. S. W., of the Evening News. They are arranging to show their recognition of his gallantry and courage.

General Von Buelow Awarded Iron Cross

By Associated Press.
BERLIN, Nov. 12, 11 a. m.—The decoration of the Iron Cross of the first class has been conferred upon General Von Buelow, who some weeks ago was given the second-class decoration of this order for military valor before Namur. General Von Buelow's wife was formerly Mrs. Nina Bryce Turnbull of Philadelphia.

General Waldeck Explains Surrender

TOKIO, Nov. 12.—General Waldeck, who commanded the German forces at Tsing-Tau, according to a dispatch from Tsing-Tau to the Asahi, has sent a telegram to Emperor William saying he was compelled to surrender on account of lack of ammunition and the heavy damage inflicted by the enemy on his forts.

SERVIANS REPORT CAPTURE OF 2000 MEN; MANY KILLED OR DROWNED IN THE DANUBE

By Associated Press.
NISH, Serbia, (via London), Nov. 12, 11:07.—Six battalions of Austrian infantry with quick-firing guns, which crossed the Danube near Siderovo under cover of artillery fire November 8, have been annihilated by a Serbian counter attack, according to official information given out in Nish today.

"All the men not killed, wounded or drowned in the Danube, fell into our hands," the Serbian announcement continued. "We made 2000 prisoners and captured two quick-firing guns."

1000 AUSTRIANS KILLED.
PARIS, Nov. 12.—A dispatch from Nish, Serbia, to the Havas Agency recounts the fighting on the Serbian front during the past few days. It says:

"On the Bosnian side, as on the banks of the Save and the Danube, the past week has been marked by a renewal of Austrian attacks with fresh troops and a quantity of heavy artillery.

The enemy directed his efforts towards the Tser plateau so as to cut off the troops, which, from the Nish front, had been attacking the Serbian positions at Yagudina, Boragne, and Gatchevo.

"For strategic reasons the Serbians abandoned the positions at Couteher, returning in good order to a point a few kilometers in the rear.

"In the fighting around Shabats the Serbian regiments, with extraordinary bravery, repulsed the Austrians repeatedly, inflicting considerable losses on the enemy.

"Yesterday at 3 a. m. Austrian battalions, numbering about 4000, crossed the Danube near Samonina, about thirty miles southeast of Belgrade, under cover of the fire of monitors and artillery. The combat that ensued lasted until 5 p. m. and resulted in a check to the enemy. A thousand Austrians were killed, 2000 were taken prisoners, and the others fled on the monitors or scattered among the trees around Semendria and surrounded in groups. Among the prisoners are two colonels and several officers of lesser rank. The Serbians also took a number of quick-firing guns. The troops of the Vardar region particularly distinguished themselves in this fight."

ALLIES BATTLING
HARD AT YPRES

Fighting in Belgian Town Is of Most Desperate Character.

(Continued From Page 1)

towns, and their attacks, instead of concentrating to the southward below Ypres, apparently have been renewed almost on the coast line. Here they drove the allies from Lombardzde, only in turn to be driven out themselves.

The official announcement given out by Paris this afternoon says that the Germans again are trying to take Lombardzde, which is to the north of Neuport, and within a stone's throw of the sea. It is said that the operation in this locality is French and French warships still are standing guard off the shore is not quite clear to British observers. For some time past there has been no mention of a naval activity on the coast, but it has been assumed that this was planned by the reported German retirement from the coast of France and Belgium and the news that they were delivering their attacks further to the south.

OTIMISM CHECKED.
The wave of optimism which has been sweeping over England for the past week was checked today by news of the occupation of Dixmude by German forces and the renewed indication of the peril from the torpedo gunboat Niger, destroyed yesterday by a torpedo launched by a submarine. This occurred within sight of the English shore in the narrow channel of the Scheldt, where several hundred ships lie at anchor.

The importance of the fall of Dixmude is difficult to estimate without an exact knowledge of how the opposing forces are disposed in this locality, but the fall of the town, a road to Dunkirk and if the German forces can debouch from it the allies probably would be compelled to fall back to new positions in their efforts to block the way to the coast.

ALLIES HOLD YPRES.
The fighting still holds Ypres, where the evidence is that the most desperate character. Shells constantly are falling in the town, which also is the object of aeroplane attacks. Artillery, which has been constantly a bone of contention, being first occupied by the invaders and then by the defenders, now has become too hot for occupation by either side. The Germans are on the hills on one side of the town and the allies are attacking it unceasingly from the other side.

For the moment the Russian pursuit along the Silesian frontier has slackened.

The Germans are reported in London to be making efforts further to bring up the present line of front, expecting a Russian invasion, and the marvelous system of strategic railways extending along the line of fortresses between Graudenz, Thorn, Posen and Cracow will enable them to bring up reinforcements so rapidly that the German center is not likely again to be exposed to the same weakness which led to the retreat before Warsaw.

CROWN PRINCE RESPONSIBLE?
The rumor still continues persistently in London that German Crown Prince Rupprecht, commander of the German center, which was before the Russian assault outside of Warsaw, and he is being blamed for this reverse.

A dispatch received from Petrograd declares that the discussions between General von Hindenburg, commander of the German forces in West Prussia, and General Falk, the Austrian commander, are so acute that the Austrian officers are refusing longer to co-operate with the German staff.

Vienna officially admits the withdrawal of the Austrians from Western Galicia and the complete investment by the Russians of the Przemyshl center, but up to now the Austrian general staff has reported continued success in the Austrian invasion of Serbia.

Russian army headquarters in the Caucasus report only minor actions with the Russians still occupying the points in Armenia previously captured by them.

Food and Money for Sufferers in Poland

By Associated Press.
WARSAW, Russian Poland, (via Petrograd and London), Nov. 12, 2:33 p. m.—Representatives of the Petrograd relief fund for Poland arrived here today from the capital with fifty carloads of provisions for destitute families and 250,000 rubles (\$130,000) in money for the relief of the need.

Food and Money for Sufferers in Poland

By Associated Press.
LONDON, Nov. 12, 8:05 a. m.—A Turkish torpedo boat, which escaped from the Dardanelles, has been captured off Tenedos, an island five miles off the northwest coast of Asia Minor, according to an Athens dispatch to the Exchange Telegraph Company.

Turk Cruiser Goeben Penetrated by Shell

By Associated Press.
PETROGRAD, Nov. 12.—A dispatch received here from Constantinople says that the Turkish cruiser Goeben was penetrated by a shell at her stern during the recent bombardment of the Dardanelles by the allied Anglo-French fleet. The damage inflicted is described as serious. The Goeben is one of the two German cruisers taken over by Turkey after the outbreak of the war.

Prisoners to Serve in Turkish Army

By Associated Press.
LONDON, Nov. 12.—An Amsterdam dispatch to the Central News says: "The Kaiser has ordered that all Mohammedans captured from the allied armies be sent to Constantinople to serve in the Turkish army."

"A telegram from Bucharest, Rumania, says that Hali Bey, uncle of Enver Bey, the leader of the Young Turks, has arrived there on a special mission in behalf of Turkey."

RUSSIAN LOAN COVERED.

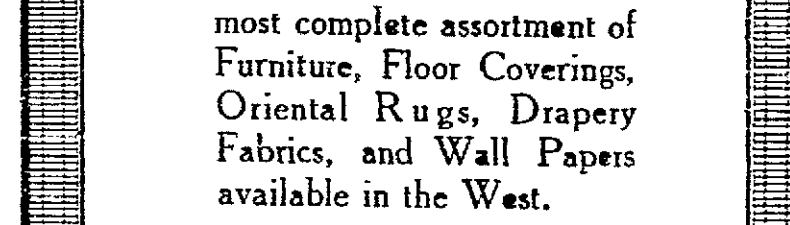

By Associated Press.
LONDON, Nov. 12.—The Russian internal loan issue of 500,000,000 rubles (\$225,000,000) is a great success, the amount required being more than covered. The statement is made in a dispatch to Reuter's Telegram Company from Petrograd.

PROGRESSIONAL BALL CLUBS TO MEET IN S. F.

OMAHA, Neb., Nov. 12.—San Francisco was unanimously selected as the meeting place in 1915 of the National Association of professional baseball clubs at its closing session this afternoon.

WOULD RECOVER DAMAGES.

A returned traveler says: "When I was in Europe this year I found both shelter so thickly dotted with hair-dressing parlors and hair goods stores that I wondered if the women ever had time for anything but care of the hair. Personally I was interested in finding a really good shampoo, and was happily surprised when several inquiries each brought the suggestion that our own American brand can—'Nestlé's'—do the job. I tried it and I have decided that it is the best to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about 3 cents a shampoo by getting a bottle of 'Nestlé's' from your druggist; dissolve a spoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform gloss, the excess oil and dirt are dissolved and entirely dissipated. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains in health, which insures hair growth."

H. C. CAPWELL CO.

Co-operative Union of America adjourned today after electing officers as follows: D. M. Uster, Campbell, president; C. R. Lynch, Morton Hill, vice-president; Fred Millard, Los Gatos, secretary-treasurer; executive committee, Fred J. Carrier, Cupertino H. C. Hazan, Gilroy, Maxwell Thomas, Gilroy, J. E. Parish, Arroyo Grande; A. Kammerer, San Jose. The executive committee was empowered to establish a commission house in San Francisco similar to that in operation in Los Angeles.

FAIR TO UNION LABOR

The loyal Union Labor men of Oakland and vicinity will now have the full opportunity of taking advantage of the great money-saving principles on which the Foreman & Clark stores are founded.

Every Dollar should be made to do its full and honest share of work. That is a principle we follow, and want our customers to keep in view. We waste none of the Dollars, paid in to us, on foolish extravagance of any kind, have no elaborate fixtures, no marble columns or glittering chandeliers, but devote our full energy, our full resources to offering you the utmost in value, in material, in style, in workmanship that can possibly be obtained at our one never-changing price of \$15.

Men's \$25.00 Suits and Overcoats Every Day in the Year at Only \$15

Our powerful chain of four busy Second Floor Clothing Stores in this State, gives us a buying power, which has this year taken full advantage of the financial conditions of the country. Wonderful values have been the result; wonderful quality has been obtained; wonderful Suits and Overcoats await your selection in wonderful variety. No word, less strong than "wonderful" will describe this stock.

Trade Upstairs and Save \$10.00

We give every detail of every sale our personal attention — especially the alteration work—and will not allow a garment to leave our store till it fits you just right. We have the tailors who can do the work and will carry your instructions out so that you'll be glad to recommend us to your friends. Perfect fitting is part of our Guarantee.

AT the SHOW SHOPS

ORPHEUM

A tale of laughter is provoked by Joseph Jefferson this week with one of the cleverest farces by William C. DeMille, author of "Poor Old Jim" and in this classic bit of comedy Joseph Jefferson and his farcical partners themselves to the immense delight of the Orpheum audiences.

Those who love music are given a great treat in the performance of Theodore Bendix and his symphony players, a quartette of the most accomplished instrumentalists on the concert stage.

An actual novelty is found in the act of the Travilla Brothers and their diving seals.

Funnie Burnham and Chas. Irwin give a delightful mélange of comedy chatter, songs and piano playing.

Miller and Vincent hit the bull's eye with some popular songs, rendered in fine style. Miller's tenor voice is delightfully clear and sweet.

One of the big laughing hits of the show comes when Frank North, with his company, puts on "An Unwelcome Visitor." The play is a sequel to North's sketch, "Back to Wellington."

Jesse Lasky's "Three Types," a trio of stunning models who appear under beautifully colored lights in living picture poses, open the show and are followed by Claude Golden, regarded as the greatest actor in the world.

Gertrude Cogan is to be the star next Sunday in De Mille's famous farce "Food."

Gertrude Hoffman is scheduled by the management to appear at the Oakland Orpheum on November 22 in her gigantic revue.

MACDONOUGH

"The Spoilers," Rex Beach's novel of Alaska, is the last word in rugged adventure, and the hero of this novel fights not primarily for gold, but for his rights. The Midas might be a rich mine.

In dramatization the film story is supported by the book. The stage director has added his art to that of the novelist. In a field where the scope is practically limitless, no stage production could show so much of the amazing detail that characterizes these nine reels of cinematic action.

"The Spoilers" is being shown this entire week at the Metropolitan theater at 1:30, 3:30, 5:45 and 8:45, with a special orchestra playing during the performance.

Among the thrilling and realistic scenes in "The Whip," the great Drury Lane melodrama, which comes to Macdonough for one week, starting Sunday, with matinees Wednesday and Saturday, is the great horse race. There are seven horses in the race, but only a chance for two of them to win, as the others through clever manipulation are held in position by iron rods which prevent them from actually progressing across the stage.

This is not a motion picture but the original Drury Lane production. The curtain rises promptly at 8 o'clock.

FRANKLIN

"The Charity Ball" and "Beasts of the Jungle," two feature films of exceptional merit, head the program for the last three

days of the week, commencing today, at the Franklin theater. "The Charity Ball" is a three-act Klaw and Erlanger production, adapted from the play in which Maude Adams made her first success and received recognition as a star.

"Beasts of the Jungle," an educational feature, is one of the most interesting zoological subjects ever filmed. It was taken at the Hagenback zoological gardens in Germany and exploits in a series of animal, birds and reptiles from all parts of the universe. Many inhabitants of the jungle with which the average person is totally unfamiliar by sight or name are shown.

Norma Talmadge will be seen in a Vitaphone drama, entitled "Goodbye Summer." George Ade's fable of "The People's Choice Who Answered the Call of Duty" and "Took Seltzer" and the Pathé daily News complete what promises to be an excellent bill. As a feature of the musical program, Franz Adelman will be heard in a violin solo with harp accompaniment.

OAKLAND PHOTO

The famous racing play, "His Last Dollar," with David Higgins in the role originally created by him, is the most brilliant drama of its type ever produced in America and this feature attraction will be presented the large crowds which thronged the day at the popular photo theater, the Oakland, starting with the opening matinee Thursday. The success of the original production was so the play has become a by-word among the racing circles. For many years David Higgins has been commonly accepted as the representation of the last dollar in one's possession.

The management at the Oakland closes Saturday night.

On the same program is a Shubert feature, "When Broadway Was a Trail," in which Barbara Tennant, heroine of the "Dollar Mark" plays the leading part of Preilla, "Dough and Dynamite," a two-reel Keystone, completes the bill.

John Barrymore of "An American Citizen" fame will appear on the Sunday program in "A Man From Mexico."

COLUMBIA

Minstrelsy Krump in the capable hands of brilliantly illuminated capers play with the features of Mike and the week in the Columbia's exciting musicals, "The Belle of the Ranch," "Mike and Ike are rickety their skins" and reputations among a set of dandies, a couple of ranch girls, a professional philosopher and several other amusing characters. The situation into which the comedians are naturally thrown are decidedly ludicrous and occur at frequent intervals throughout the action of the film.

Several clever musical numbers are interspersed with the fun. Falsely Noon and Ruby Lane score heavily in their first duet of the season. Jack Wise Vilma Steel a timely song, "Moon and King, George Spaulding and other members of the company appear to advantage.

BROADWAY

"Threads of Destiny," being shown at the Broadway theater this week with Evelyn Nesbit Thaw playing the leading

role of the five-part photodrama, is essentially a portrayal of actual conditions in Siberia and Russia under the despotic rule of the reigning government. The rule of scenes of Siberian mines, of the workings of the secret service agents and the outbreak of the Jews.

"Threads of Destiny" will be shown the rest of the week at the Broadway in six daily performances, two hours in length, commencing at 11 a. m.

One of the greatest Irish actors on the stage today, Andrew Mack, will be seen for three days only commencing next Sunday, at the Broadway theater in the elaborate five-part film production of "The Ragged Earl." Jacob P. Adler, the famous Hebrew tragedian, will be presented at the Broadway for the four days commencing next Wednesday in the spectacular picturization of Jules Verne's great romance of Russia, "Michael Strogoff." Both these photoplays were to have been presented for a week each, but the demand for the Alca program in other cities shortened the engagements.

PANTAGES

At the Pantages theater this week Walter Montague's new dramatic playlet, "Ruin," bids fair to cause as much discussion as did his "The New Chief of Police." In his new playlet, "Ruin," Montague points a powerful moral and therefore, good may come of it.

Billy Link, the comical blackface comedian who has made a host of friends in his unrivaled "Custer's Last Fight Out Done." He is assisted by Blossom Robinson and Billy Link Jr. The Vestor Novelty Quartet are good farcical singers. Work and Play provide thrills aplenty with their acrobatic comedies. Henry and Harrison are a great little team for laughing purposes and "A Night in Hawaii" proves a popular singing and scenic production.

Next week the Pantages will provide three headliners in its new bill of eight acts. They are "The Work of the Titanic," a superb spectacular scenic production, "The Golden Minute Carol," a musical comedy with Teddy McNamara, Queenie Williams and fifteen of the Polard kiddies, and "Twenty Minutes with the Board of Supervisors," another of Walter Montague's thrillers.

Next week the Pantages will provide three headliners in its new bill of eight acts. They are "The Work of the Titanic," a superb spectacular scenic production, "The Golden Minute Carol," a musical comedy with Teddy McNamara, Queenie Williams and fifteen of the Polard kiddies, and "Twenty Minutes with the Board of Supervisors," another of Walter Montague's thrillers.

At the Pantages theater this week Walter Montague's new dramatic playlet, "Ruin," bids fair to cause as much discussion as did his "The New Chief of Police." In his new playlet, "Ruin," Montague points a powerful moral and therefore, good may come of it.

Billy Link, the comical blackface comedian who has made a host of friends in his unrivaled "Custer's Last Fight Out Done." He is assisted by Blossom Robinson and Billy Link Jr. The Vestor Novelty Quartet are good farcical singers. Work and Play provide thrills aplenty with their acrobatic comedies. Henry and Harrison are a great little team for laughing purposes and "A Night in Hawaii" proves a popular singing and scenic production.

EXPLAINING VIEWS ON NEW ANTI-FUTURE LAW

WASHINGTON, Nov. 12.—Representatives of all branches of the cotton-producing and marketing industry were here today to explain to Secretary Houston and treasury officials their views of the administration of the new anti-futures law. The act does not go into effect until next February, but the officials aim to have machinery for its administration determined upon so that the cotton industry may become accustomed to the new conditions.

The law is directed at gambling in cotton futures. By prescribing a Federal tax of 2 cents a pound on all cotton sold for future delivery, except under contracts conforming to regulations of the Department of Agriculture, it is said to prevent speculation and the manipulation of prices on exchanges.

SHOWMAN DIES

NEW YORK, Nov. 12.—Francis Ferreri, widely known as a carnival showman and a famous circus proprietor, died today at his home here from a complication of diseases. During the 25 years spent in this country, "Colonel" Ferreri as he was known, exhibited animal shows and animal vaudeville acts in every state in the Union. Until 1902 he was in partnership with the late Frank T. Dostock.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic, you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

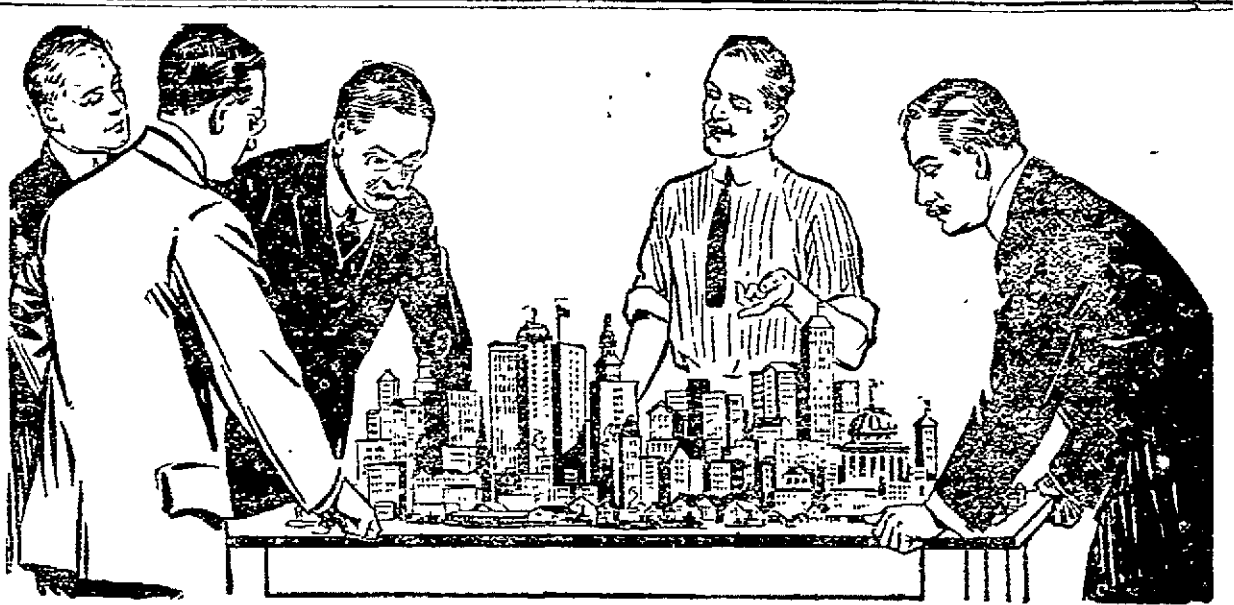

ARREST IS MURDER SUSPECT

CLARKSVILLE, Ark., Nov. 12.—United States deputy marshals yesterday arrested at Spadra a miner named McKnight, charged with implication in the killing of two mine guards during the riots at Prairie Creek, July 17 last. It is said the arrest is the result of testimony given before the Federal grand jury at Fort Smith yesterday.

CLOSE 200 SALOONS

REMIJIN, Minn., Nov. 12.—Two hundred saloons within the district covered

by the Indian treaty of 1855 were ordered closed last night, in compliance with a decision of the United States Supreme Court handed down last June, according to a report received here. The treaty covers a vast district in Northern Minnesota.

Building for the Future

COMMUNITIES served by the Bell System are always growing up to their telephone equipment.

Exchanges, switchboards and subways are built not only to care for the present needs of each community, but are so planned as to be readily and economically adapted to necessary extensions and developments for twenty years ahead.

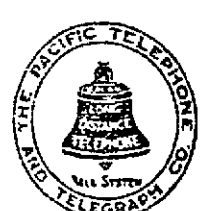

Construction plans are based on careful studies of each locality by men especially trained in estimating possibilities in growth of population as well as commercial and industrial expansion.

It is this long look ahead that enables the Bell engineers to anticipate the future needs of each locality and to provide increased telephone facilities when needed, most efficiently and economically.

Every Bell Telephone is a Long Distance Station

may either be due to a faulty position in handling or to an excess of fat due to lack of exercise. The reduction of this superfluous fat by suitable exercise properly taken and a good diet is the only common sense way for a woman to get her health. Any exercise that requires berding, stooping forward, raising up from the recumbent position, trunk bending forward and there must be plenty of rest. One hour should be spent in resting. Sleep if you can for only a half hour. At the end of the hour get up, take shower bath, and then dress. You are then ready to enjoy life and to be a comfort to your family. This is the only way to secure absolute relaxation, rest of mind and body.

RAILROAD LOSES RATE CASE

FARE TO S. F.
TO REMAIN
SAME

Southern Pacific Suit for Increased Commutation Fails.

SAN FRANCISCO, Nov. 12.—The railroad commission this morning denied the application of the Southern Pacific Company for a re-hearing on the transbay suburban rate case. The company's efforts to bring about an increase in the commutation fares on the suburban system between this city and Alameda county points and one-way fares within the city of Oakland have, as far as the railroad commission is concerned, proved futile. There is a possibility that an appeal will be taken to the supreme court, but in the absence from the city of Charles Durbrow, the legal department of the Southern Pacific could not venture an opinion upon this today.

The corporation requested the re-hearing on the theory that the decision of the railroad commission constituted a violation of the federal constitution which holds that property cannot be confiscated without due process of law. The railroad officials contended that being forced to operate at a loss under the regulation of their lines. They made the further claim that while the railroad commission had declared that a wrong apportionment had been made between the suburban service and the through service, the operation of the ferry boats and the division of interests of Oakland pier, nevertheless the commission failed to point out wherein lay the error.

In its decision today the commission, which went into the question at great length on the original application, makes no comment on these allegations. The original opinion rendered declared that the Southern Pacific was in fine financial shape, and that an increase of commutation rates would work a great hardship on thousands of commuters who had bought homes and planned their financial outlook on the strength of reasonable and cheap transportation rate.

The railroad claimed to be losing millions of dollars yearly in its operation of the electric line, and urged an increase in one-way fares in Oakland and a commutation increase between San Francisco, Oakland, Alameda, and Berkeley, which would turn a fair interest on its investment.

FAMOUS AVIATOR TO FLY
BEACHEY IN THRILLERS

Lincoln Beachey, "world's greatest aviator" after the most sensational tour ever made by an individual through the East has returned home last Sunday he gave his performance at the Panama-Pacific exposition to the largest crowd that has ever seen on the grounds. It is doubtful if there will ever be another such gathering at the world's biggest exposition prior to its opening as this one man was able to draw. Approximately 60,000 persons were present.

The following editorial from a St. Louis daily will give the reader some idea of how California's aerial wonder impressed the people of the East.

"Why is it that when a person mentions aviation or aviators, 99 people out of 100 will instinctively say, 'I saw Beachey at such and such a place, or did you ever see Beachey fly?' Why is it that Beachey is unique in being uppermost in the minds of everyone when flying is talked of? Why is it that Beachey is the only aviator in America who can play any type of city or town and, unaided, pick the parks and fair grounds with a mass of humanity, all

LINCOLN BEACHEY FLYING UPSIDE DOWN AND MAKING HIS FAMOUS "DEATH DIVE"

eager to get a glimpse of the man of whom there were legends so much?

"There must be a reason.

"The principal reason is that Beachey is to aviation what Caruso is to the operatic world; what the Impresario is to the shipping world; what Richard Mansfield was to the dramatic stage. He is the big, the central figure. He achieves much with but little talk. His press agent may be fluent and prolific, but no boast ever emanates from Beachey.

"In the esteem of the public he stands alone.

"A serious accident to Beachey would wound the people of America more deeply than Beachey would be hurt. There is a genuine affection for him in the hearts of the American people. He is our standard so far as flying is concerned.

"People no longer hold up Wright or Curves as examples of greatness in the mastery of the air as Beachey does.

"This is a Beachey age.

"If Lincoln Beachey was flying in

one park alone, and twenty of the best American aviators were flying in unison in a park across the street, the public would pass up the others and flock to see Beachey perform. His wonderful drawing power has caused him to fly in 100 American cities and towns this year.

"The loss of Beachey would be aviation's calamity. Long may he live.

Next Sunday Beachey will give the same performance of looping, flying upside down, the death dip, the upside down spiral, besides blowing up a scenic battleship, at the Emeryville race track, that he gave last Sunday at the exposition grounds, and as an added thrill he will race against a high powered automobile and motorcycle driven by drivers of national reputation. This will be the last opportunity that the people of this vicinity will have of seeing the famous birdman before he sails for the battlefields of Europe.

Sacramento Firemen
Shed Mustaches

SACRAMENTO, Nov. 12.—Mustaches have almost entirely disappeared from the Sacramento fire department, the only holdout now being Captain Charles Pritchard, according to Fire Chief C. W. Anderson, who said of a recent inspection trip that hair crops under the nose now are being harvested regularly in the great majority of cases.

In the old days of the local fire department the mustache was popular. But some of the firemen had sad experiences. They learned that the hairy cluster under the nose was highly inflammable, and if it got too close to the flames, resulted in a scorched nose. Hence came the decision to sacrifice beauty for safety.

Captain Patrick Mayne was the latest man to see the light and part with his fluffy upper lip, but Pritchard is stubborn.

COMMITTEE NAMED TO
ENTERTAIN BAR ASSN.

When the California Bar Association meets at the Hotel Oakland, November 19 to 21, they will be under the care of a general committee of entertainment selected from the Alameda County Bar Association. The committee is as follows:

R. M. Fitzgerald, W. H. L. Hynes (chairman), Herman Bell, Jesse D. Dunn and Stanley Clark (honorary members), George de Gola, Fred G. Ostrander and Charles A. Beardsley, reception; Charles E. Spock, B. Richardson and George W. Reed, finance.

TRAVELER TO LECTURE.

Tomorrow night the popular lecture of the series arranged by the Board of Education will be delivered in the Franklin school, Ninth avenue and East Sixteenth street. Wallace Bradford of San Francisco will be the speaker, and he will take for his subject "From Trieste to Moscow via Dalmatia and Montenegro." The speaker was a passenger on the "Carpathia" when that vessel picked up the survivors of the "Titanic," and will throw on the screen pictures which he snapped that morning. His journey will take him a distance through the least known portions of Europe, particularly interesting at the present time, and his slides will reveal life as he caught it in each place, as Cotting, Cattaro, Serajevo and many other points touched by the average tourist. The lecture is free to the public.

WOMAN NEAR TO DEATH.

REDWOOD CITY, Nov. 12.—Mrs. Clara Salz, wife of Joseph Salz of San Francisco, had a miraculous escape from death yesterday, when a big seven-passenger automobile which she was driving plunged over an embankment. The machine went 50 feet down a steep slope without stopping. Mrs. Salz incurred minor bruises and cuts.

U. S. Cruiser North
Carolina Is Safe

WASHINGTON, Nov. 12.—The United States armored cruiser Tennessee, reported today she had been in wireless communication with the cruiser North Carolina yesterday and that the ship was safe in Beirut harbor.

The message was sent by Captain Benton C. Decker of the Tennessee and reached the United States by relays of wireless and cable. It simply announced the safety of both ships, making no mention of the reported landing of bluejackets from the North Carolina at Beirut.

The Tennessee's report disposes of persistent rumors of the last three days, according to an anonymous source, that the North Carolina had been sunk by a mine.

AUCTION SALES
J. A. MUNRO & CO.

1007 Clay street, corner Tenth street; phone Oakland 4711. Will pay highest price paid for merchandise, furniture, etc., or will sell on commission. Sales every Friday.

J. A. MUNRO & CO. Auctioneers.
W. E. DEAN, Trustee.

LOCOCO TOLD
FRIENDS NOT
LACKING

SAN FRANCISCO, Nov. 12.—Harry Gray of Gray Bros., brother of George Gray, declared this morning that he would not swear to the murder charge against Joseph Lococo.

Lococo's attorney, Sullivan, appeared before Judge Crist and filed the complaint. Attorney Fisher Ames, counsel for Gray Brothers, was authority for the statement that he did not believe the firm would attempt to press the case to the extent of hiring a special prosecutor. He said the matter would be left in the hands of the District Attorney to take its usual course.

SAN FRANCISCO, Nov. 12.—Joseph Lococo awoke this morning to find a new world opening before him. For the first time since he was accused of the murder of George Gray, he was free to move about in the city. He had a good night's rest. Placed in a cell with two sympathetic men, purposely picked by the prison guard for their jovial natures, he was able for a while to forget his troubles and early last night dropped off to peaceful slumber, which was not broken until he was awakened by the breakfast call at 7 o'clock.

His dreams last night were very different from the nightmares of the long days which went before. He knew that his family's larder was filled to overflowing. He knew that there was money in his wife's purse. He was certain that his babes had gone to sleep, their hunger assuaged and their hearts cheered by the sight of unwonted abundance.

FRIENDS IN NEED.

Lococo is confident today that he will be acquitted of the crime of killing George Gray. He has been assured by well-known attorneys that everything will be done to gain for him a liberty which, though he was free to come and go, he had not felt long before the prison doors clanked shut behind him. He has been persuaded that nothing will be left undone to save him from the consequences of the insane deed committed in a moment of frenzy from the surging wrongs which he felt were bringing him and his to destruction.

But on the summit of the Potrero hill, the Lococo home, presented a singular scene this morning. There was food everywhere. The kitchen was not big enough to hold the supplies of flour and sugar, potatoes, eggs, butter and the other necessities sent by rich and poor alike. The millionaire from his abundance and the widow with her mate contributed their portion. The neighbors on the barren hill tops were the first to respond. They had not much but they gave what they could. The tax-bearing donations of the rich came afterward.

Coroner T. B. W. Leland announced this morning that he would hold the inquest on Monday at 8:45 o'clock. The will give an opportunity, it is hoped, for the taking of all of the evidence in one day. Attorney Thomas O'Connor, chief counsel for Lococo, said that he would then attempt to present a sufficient amount of evidence to bring about a verdict, a verdict from the coroner's jury of justifiable homicide.

The recommendations of the coroner's jury have no legal weight in the prosecution of offenders, but are always available evidence. A verdict is usually made a part of the court record. Lococo is already charged with murder and must stand trial, but those who are fighting for his liberty and who sympathize greatly are going to fight every possible advantage to his favor.

Lococo will appear before Judge Crist tomorrow and the case will then be continued until Tuesday. His presence in court will be merely formal.

NOT PREMEDITATED.

When Joseph Lococo slew George Gray Tuesday he did so without the slightest premeditation.

He told about it this morning while waiting for his wife and babies to come and see him.

"I didn't mean to kill him," he said. "When I think of it I feel terrible. I wish I hadn't fired those shots. I can't remember doing it. I never intended to hurt anybody. I never hurt anybody in all my life, although I have been hurt sometimes myself. That morning, I mean the morning it happened, I sat and looked at my wife. She didn't say anything. Lococo, she was a brave and quiet, but she looked at the babies and then she looked at me. They hadn't had any breakfast. The little one was crying—he couldn't understand. The older one realized, I think, that we had nothing. I had forgotten about the gun. I wouldn't have shot him there in the office where there was scarcely anybody around. I never thought for a moment to do anything like that.

"Three, four, five times I asked him for my money. My babies, they not eat today," said to him, but when he turned his back I didn't put my hand for my gun. I never thought about the gun. Then he got away and leave me I felt weak, but I go down the hill after him. I stop him on the corner, but if he didn't turn and put his hand toward me as though he was going to hit me I don't think I would have drawn that pistol. I can't even remember having it in my hand. My

WEALTHY, BUT
MAY LOSE
HOME

With judgment in her favor for a large share in the \$6,000,000 mining properties of the Wilson-Kimball Mining Company of Alaska, Mrs. Ella M. Helm of San Lorenzo was made defendant in a suit in the superior court today which may deprive her of an interest in her home property valued at several thousand dollars.

The complaint, which is brought by the Carver National Bank of St. Helena, recites the plaintiff had been awarded judgment in a foreclosure suit in the local courts in November 1912, but alleges that the debt of \$1500 had not been satisfied because Mrs. Helm and her husband, Julius F. H. Helm, had deeded the property to their niece, Mae Lund, thus frustrating collection.

That the transfer had been originally made for the purpose of defrauding John S. Noble from collecting a judgment of \$10,000 awarded him by a jury in the superior court of Nevada in December 1912, is a further allegation of the complaint. Incidentally the second judgment against Mrs. Helm in this county was thwarted through the first transfer, it is claimed. The Noble suit was for \$10,000 damages in connection with alleged misrepresentations on the part of the Helms in a realty deal.

It is sought to have the transfer made to Mae Lund declared null and void and to obtain deeds to the San Lorenzo property from the sheriff of this county in connection with its sale made by him recently.

HER CASE IN COURT.

The story of Mrs. Helm's claim and fight for a share of the Alaska Mining Company's millions was told before superior Judge Trout in San Francisco last April when her suit against the mining company came up for trial. Mrs. Helm was awarded judgment three weeks ago.

Acquittal of two sisters by Mrs. Helm in the '10's was the beginning of the story. One of the girls, whose name was Alice Nightengale, was married in 1887 to Jerry Wilson at Petaluma. Wilson went to Alaska, having been "grubstaked" by Mrs. Helm. His wife later joined him under the same conditions. Luck came to them and Wilson with his partner, Kimball, made millions. Mrs. Helm in her suit claimed that the Wilsons had hidden from her the fact that they had become wealthy as the result of her grubstake.

Wilson was among the six men who discovered gold at Nome and located mines along the rich Ophir group.

The fight made by Mrs. Helm for a share in the fortune was also in behalf of her 15-year-old daughter, who resides with her at San Lorenzo.

BEARING GIFTS.

Provisions, money and sympathy continue to pour into the hut of Joseph Lococo out on the Potrero hill—the home of the man who killed George Gray Tuesday because his pay check amounting to \$17.50 was withheld from him while his wife and children were starving and the landlord was about to eject the little family from its refuge.

All day automobiles, limousines and coupes unloaded provisions and supplies at the foot of the steep hill, while their occupants climbed up the narrow path and gave to the bewildered, wondering women of the bounty, the tears of the suffering, hungry woman freely mingling with the tears of the women of wealth and leisure.

From both sides of the bay the response was met. One woman in Alameda telephoned over that she had a cottage in Alameda which she offered to place at the disposal of the distressed family. Many downtown San Francisco business firms sent large supplies of groceries, coal and canned goods. Lococo's business men sent coal ton-load lots, money in quantities never before seen by the little foreign woman was placed in her hand, and this she took with her when she and the two babies later visited the father in his cell, that he might see it and wonder, as she did.

Some one heard that the baby cried for milk and milk in abundance was supplied. Little Pietro wanted coffee, some woman had read and coffee was supplied in large quantities; another woman saw the crude, improvised cradle which the mother in her extremity had constructed and she immediately ordered a big, comfortable cradle such as other children have.

The shot was even heard in Los Angeles, where money and foodstuffs were assembled for shipment to the San Francisco unfortunate. Another Los Angeles mercantile, with a Barker from Oklahoma, made up a purse to send along with the other supplies.

Downtown in the hall of justice, less than ten of San Francisco's leading criminal lawyers offered their services to the man who had taken justice into his own hands that his starving ones might be saved. Among the attorneys who proffered service were Walter de Marini, Alvarado Crofton, R. W. Guogies, Nat C. Cochran and Thomas O'Connor. After a conference it was decided that Lococo's defense will be conducted by Attorneys Cochran and O'Connor. The hearing was put over until tomorrow, but will be continued until a later date as the inquest over the body of George Gray, the slain man, will not be held until Monday.

Lococo, dazed, cannot understand why his little family has suddenly been placed above want. The children have been fed until satisfied, but the little mother who started her defense will have her hunger share, would not satisfy her hunger so quickly fearing the breaking of her long fast might take her, too, from the now fairly comfortable home.

TAFT & PENNOYER
COMPANYSpecial
Silk Offer

Crepe Egyptian

40 Inches Wide
\$2.00 a Yard

An unusual weave and made only in the best quality silk. It was manufactured to sell at \$3.00 a yard, but purchased by us at a big reduction, in consideration of our taking the whole line. It is exceedingly attractive, soft and silky, and has a beautiful crepe finish.

FUNERAL SERVICES HELD.

The funeral of Mrs. Mimi Schmidt, wife of Markus Schmidt, a decorator of this city, was held this afternoon from the Andler Undertaking parlors, 670 Fourteenth street. Rev. Mr. Perkins of the Christian Science Church read the service. The deceased had been ill during the past year. Her death was unexpected, and it is mourned by her hosts of acquaintances here. Besides a husband, she is survived by two children, Miss Henrietta and Harvey Schmidt of this city. The body of Mrs. Schmidt was cremated.

EL TRAPPO DANCE.

The El Trappo Club will hold its second dance of a series being given during the fall on Saturday evening at Sixteenth and Jefferson streets.

RECOUNT FAVORS NEWLANDS.

RENO, Nov. 12.—With 11 out of 16 counties officially canvassed, Senator Newlands yesterday led for re-election over Samuel Platt by 22. In the 11 counties officially canvassed Platt leads by 440, while in the five counties unofficially reported Newlands leads by 469 in newspaper tables.

ALAMEDA

WOMAN SCORES MODERN FASHION

**Says Showy and Extravagant
Attire Hurts Woman-
hood.**

BERKELEY, Nov. 12.—"The fancy dress worn by some of our school girls is a direct blow at American democracy. I ask that the extravagant, showy contrivances of dress be left out of the schools, for the sake of good citizenship. We expect these girls to develop into efficient womanhood and good citizenship; they are handicapped physically by dress, by what we call fashion."

In these terms and some even more severe, Miss Violet Richardson, physical supervisor in the Berkeley schools and director of the Berkeley Women's Gymnasium, scored the clothing girls are permitted to wear in an address to the public at the Washington school yesterday afternoon. From both the ethical and physical standpoint, but especially the latter, Miss Richardson pleaded for dress simplicity.

Beginning with the argument that infancy is the period of plasticity when

the adjustment to environment must be effected, Miss Richardson declared that people live and act the part of their clothes. Boys and girls, she added, were being "cheated of a thorough education by being hampered in the dress of infancy." She continued:

"The classes have passed into the yard for recess—it is time to play. Some children are running, laughing, throwing balls—the others stand and talk dress, arrange their hair and fix belts. They are grown up. Then we notice that a little group is here, another group there.

The girls of the first group wear rings, bracelets, fancy pins, extreme styles of dress, and a few from the other group look longingly at the first group. American democracy? Where is it? It is supposed to be here.

posed to be very evident in the public school yard. It may be in some communities and it may be on the boys' side of the fence. Boys' dress is nearly uniform. But on the girls' side, no.

"Most of the little girls do nicely. Their clothes are loose and comfortable. Some are holding handkerchiefs in their hands; they need pockets in their dresses. Some hesitate to bend very far; they need bloomers in

There are other causes for these conditions, but what part does incorrect dress play? It plays the part to the boy and girl that the stone plays to the flower when it rolled into its path of growth.

physical disadvantage. We can strengthen it only by use. Any clothing then that tends to prevent use or action, tends also to weaken.

"In examining the boys and girls whom we ask to stay after class we find that repressive clothing is largely responsible for the most common physical defects. Flat feet and weak ankles are largely due

"Let us try for our growing boys and girls the flexible soled, low cut shoe and with low heels. This will allow of action when action is taught. The corset and ferris waist support the abdominal muscles and also the spine, the girl learns to lean upon her corset for support. The muscles which nature

support and protection for the internal organs are allowed to sag and become useless through lack of action."

BERKELEY HOTEL ALERMS

WILL ADJUST ACCOUNTS

BERKELEY, Nov. 12.—A brief message to the effect that he would return and try to straighten out his tangled accounts, have been received from Olaf Alman, former trusted clerk of the Hotel Berkeley by Robert Jones, the proprietor. Beyond the Oakland postmark, the letter gave no clue to Alman's whereabouts. Jones expects, however, a visit from his clerk in the near future. Investigation showed that Alman, in addition to his duties at the Hotel Berkeley, had taken on the management of a weekly publication.

affairs of this paper have not been going well. According to Jones, Alman had diverted funds which he had collected at the hotel to the paying of bills of the publication. Managers of the latter are assisting to straighten out Alman's affairs.

U.S. ON TRAIL OF TAX DODGERS

Treasury Department to Start Nation-Wide Cam- paign.

WASHINGTON, Nov. 12.—Officials of the Treasury Department are seeking to lay the ground work for a vigorous and nation-wide campaign for the detection of income tax dodgers and the collection of unpaid taxes which some authorities believe may amount into millions.

The effort is directed particularly against persons who are stockholders and drawers of dividends from the corporations of the country. There are more than 30,000 corporations in the United States, and according to returns from the corporation excise law, and if any plan is adopted to institute a thorough search of their lists of shareholders and the records of their dividends it will be most exhaustive and may take very considerable time. No such plan is likely to be adopted, however, and it is understood to be the hope of officials that the corporations will furnish this information upon request.

QUESTION OF POWER.

There is some question as to the power of the department to make corporations

an unofficial view that in case of refusal the law gives sufficient authority for the sending of internal revenue agents to the taxpayer's home.

Since the first returns from the income tax were tallied there has been no concealment of the fact that the treasury officials were disappointed. The tax collected fell far below the estimate below was expected. The estimate of taxable individuals on which Congress framed the law was far at variance from the figures actually reported by the contributors. The difference between the returns and estimates was over the 100,000 mark. This was not taken to mean that the law was too strict, but that in the country who had evaded the law, but allowing for a wide margin of miscalculation, officials are inclined to credit the law with the fact that there must be many cases of unpaid taxes.

ONE PER CENT TAX.

Under the law, the normal tax of 1 per cent is withheld by the corporations

transferees on such payments as dividends. Probably there has been virtually no violation of the law in this quarter, for the aggregate dividends of corporations are facts already accessible to the internal revenue bureau. The failures to pay are assumed therefore to be among the class of taxables whose incomes are subject to the surtax on more than \$20,000 annually.

Actual figures of a corporation's dividend payments would not aid in discovering the incomes of individuals, and about the only method left to get a check upon them is through lists of stockholders and actual dividend payments to them.

The scope of such a task has been the subject of considerable comment among those who have heard this plan broached. They have been pointed out that corporations such as the big railroad systems of the country, the United States Steel Corporation

and scores of others have outstanding thousands of shares of stock spread among thousands of share holders. The physical labor of transcribing lists from these corporations, in case they are not

voluntarily given, probably would be enormous, and the expense might be great.

REGIONAL BANKS.

WASHINGTON, Nov. 12.—Regional banks in the new national system will not exercise all the functions given them by congress during the first few months of the existence. An announcement of the federal reserve board which reached bankers in all parts of the country today outlined this plan of operations:

Acceptance of deposits of reserves from member banks.

Discount of bills of exchange and commercial paper.

Acceptance of deposits of checks drawn by member banks on any reserve bank or member bank on a reserve or central reserve city within their federal reserve districts.

Other functions. It was announced would be inaugurated as the establish-

The board's announcement included a definition of commercial paper, but that rate of discount was not given. Discussing war conditions the board said that although American export were showing a gratifying increase, a large cash balance in the hands of European countries for which gold might be demanded.

Basic principles in the definition of commercial paper included:

"That no bill shall be admitted to rediscount by a reserve bank, or the proceeds of which have been or are

to be applied to a permanent investment. Maturities of discounted bills should be distributed so a reserve bank could liquidate one-third its investments in 30 days. Bills presented for rediscount should be essentially

**ALL-ARMY AMERICAN
TEAM TO PLAY HERE**

The Originals' American football team faces the heaviest team in the Central California American Football League next Sunday when they line up against the All-Army team. This team is made up from the officers and men stationed at the Presidio and fights about San Francisco bay. Their captain is from Fort Scott.

The game is to be called at the Dwight Way Grounds, on Grove street, between Derby and Carlton streets, Berkeley, at 2:30, Sunday.

The Originals will be towked out in their new football suits. Gay, former star of the Alameda High School, will be in the Original line-up at right end.

The first appearance of the All-Arms team will be next Sunday, and although the Originals feel confident of their ability to take the measure of the

soldiers, they are by no means sleeping at the switch, and will take every precaution to see that the army boys do not slip over any fast play on them. Local fans are curious to see just how strong the army team will show up against the Oakland team.

DR. BLACKBURN TO BE BURIED IN OAKLAND

The funeral of Dr. Daniel Edward Blackburn, supervisor from the Fifth township of San Mateo county, who died yesterday at St. Mary's Hospital, will be held tomorrow morning from 1335 Webster avenue, Oakland.

Dr. Blackburn was born in Paso Robles, June 26, 1874. He attended St. Mary's College and the college of dentistry of the University of California. He traveled extensively and settled down to the

Stop those Eerie Wrenching Coughs. They hang on all winter if not checked, and pave the way for throat and lung troubles. Get a bottle of Foley's Honey and Tar Compound, and take it freely. Stops coughs and colds, heals raw inflamed throat, loosens the phlegm and is mildly laxative. Chas. T. Horton, of Worcester, Mass., Ind. had bronchial trouble got very hoarse, coughed constantly from a tickling throat. He used only Foley's Honey and Tar Compound. Was entirely relieved. Wants others to know of Foley's Honey and Tar. Sold everywhere.

**BELL WOULD ABOLISH
OPEN SALOON EVILS**

Theodore A. Bell has purposed radical changes in the regulation of liquor traffic in California, to be effected through State legislation. He couches his suggestions in the following letter to the Grape Growers' association:

"The Board of Directors of the California Grape Producers Association, 108 Schmidt building, San Francisco, California. Gentlemen: The hour has struck for sweeping reforms in the retail distribution of intoxicating liquors in California. In proposing a legislative program that will effectively remedy many of the evils that now plague the liquor

traffic, the grape growers and wine makers of this State can very appropriately be said to have a very peculiar interest in the subject. The following program which I earnestly hope may be adopted and presented by you to the next session of our State legislature.

County option, except in cities having 5000 or more inhabitants.

No saloon for each 100 more than one saloon for each 1000 inhabitants, or major fraction thereof, exclusive of table wine.

Separate licenses to sell malt and fermented liquors, as distinguished from distilled liquors.

No saloon license to be issued to an individual but only to the proprietor, the owner of the property and necessary, and to be responsible for the faithful observance of the law.

Unlawful for any wine maker, brewer, distiller or any other person to have any pecuniary interest in a saloon.

Midnight and Sunday closing.

Drastic laws concerning the sale of intoxicating liquor to minors, women, or to persons suffering from physical or mental disease.

Such limitations and restrictions respecting the granting of licenses in U.S. game territory as will forever eliminate dives and deadfalls.

These charges are filed before any magistrate alleging a violation of the liquor law, a jury of twelve men to be drawn from the body of the county to try the case, and in the event of conviction, the license shall be suspended until the judgment shall be reversed or become final, and in case of final judgment of conviction, the license shall be forever revoked, and no other license shall be issued in its stead.

It is the purpose of an opportunity to prevent this program, in greater detail, and beg to remain,

Very truly yours,
"THEODORE A. BELL"

COACH SCHAEFFER'S CALIFORNIA BEARS TROTTING OUT FOR THE FINAL PRACTICE BEFORE MEETING STANFORD.

ACTIVE TRAINING
ENDS; VARSITIES
ARE NAMED TODAY

Day of Rest Tomorrow to Precede Struggle at California Field.

Active training ended yesterday at the rival training camps of Stanford and California. The men who are to face each other will be named this afternoon, and after a short workout, the players will retire from the turf for a day of rest. Secret practice at California was the order of the day, and a number of former California stars, Chet Allen, Sterling Peart, and Amos Elliot, accompanied the players, and showed the boys a few points of the game.

Allen, former California three-quarter, took hold of Fred Brooks, the new three-quarter, and the two men, in the meantime, if you chance to direct your steps to either the California or Stanford campus, you had better carry some identification papers, as all persons are questioned by the guards. Innumerable rides on each campus have led to tactics resembling those of a military field. Throughout the night, flashlights flare and sparkle, and the silence of the campus is broken by the sound of the guards' rifles. An army of cadet students stand watch over the campus property, to prevent some prowling Cardinal from spreading Stanford paint around the campus, or stealing the big "C." Every seat has been sold. As has been the custom in former years, the rotters will face each other. The first yell leaders, Ted Bailey of California and Carlie Wilson of Stanford, have completed and perfected their stunts, and this contest will be the hottest one of the day.

Although Stanford is a slight favorite at Tom Corbett's in San Francisco, where the wise ones want all the odd money they can get, the students around the campus are betting on the California team. The betting at the game will be all even-money. It will be Stanford's speed and shiftness to California's fighting and pep with some excellent team work which has been developed by both coaches thrown in. With the present weather conditions, the long team will have no excuses to offer and the only thing left for the rotters to say when the team is picked is "Go get 'em."

Light practice at Stanford is tapering off the Cardinals for the big Saturday game. The men, looking in fine fettle, were put through a light practice by Coach Brown, and no one is in such a way that he will not be able to play if named tomorrow.

At a high school game, tomorrow, the Stanford undergraduates and alumni will gather on the bleachers. Coach Brown is to name the personnel of the team. No surprises are looked for, as the team seems to have been picked by their preliminary games. There is some doubt centered on Frank Reeves' wing position, where Burns may win out, on account of Reeves' injury.

The players named for the annual game with California, accompanied by Coach Brown, will leave Palo Alto on their trip to California field on Saturday morning at 11:35, on which train a special dinner will be served the players. Arriving at San Francisco at 12:30, the party will be conveyed by automobiles to the farm, and escorted by a representative of the Southern Pacific, who will have that part of the ferry is reserved. The players will dress at Harmon gym, and if their arrangement is carried out, as Manager Wilcox has announced, the players will be ready on California field at 2:30. After the game the teams will dine at the San Francisco restaurant, and then repair to the Galety, where the Stanford show will be held.

FAKE TICKETS FOR
BIG GAME

Manager Johnny Stroud of the University of California is out with the statement that fake tickets are being sold. His attention was called to this danger a few weeks ago, when a few counterfeit tickets were shown him. Stroud announced that severe prosecution will follow the discovery of any persons dealing in these tickets. He also calls the attention of the public to the fact that there will be no standing room at the football game, and those not having tickets will be denied admission to the field.

Brown, Trainer Maloney and Manager Wilcox, will leave Palo Alto on their trip to California field on Saturday morning at 11:35, on which train a special dinner will be served the players. Arriving at San Francisco at 12:30, the party will be conveyed by automobiles to the farm, and escorted by a representative of the Southern Pacific, who will have that part of the ferry is reserved. The players will dress at Harmon gym, and if their arrangement is carried out, as Manager Wilcox has announced, the players will be ready on California field at 2:30. After the game the teams will dine at the San Francisco restaurant, and then repair to the Galety, where the Stanford show will be held.

The Aetna Rugby team, averaging 130 pounds, desires games with fast teams. See Manager Ward Slatery Thursday afternoon, Eighteenth and Wood streets, where the Aetna team will play the fifteen from the Mosswood playground. Front rank: Griffin, Rollins, breakaway. Rader, Irwin, lock. Miseru, rear rank. Mitcheller, Folkers; half: Lightner; first five, Slickbarg; second five, Drey; center three, Chambers; wings, Asher, Boyce; full back.

Base Ball
Dope

San Francisco figured in more games won and lost by one run than did any other club in the 1914 race. The Seals noted out winners by one run in 39 games, and were returned losers 21 times. Sacramento, Mission with 35 one-run victories was the only other club to win more than 30 such games. Oakland lost 30 times by one run, more than any other club.

The Missions defeated San Francisco twice by one run, more than any other club could do against any one club. Following table shows games won and lost by each club by one run margins. Reading across shows games won against each club; reading down shows games lost to each club:

	Port.	L.A.	S.F.	Ven.	Mis.	Chi.	Oak.	San
Port.	4	5	6	5	6	26		
L.A.	4	6	3	4	9	26

BILLIARD NOTES

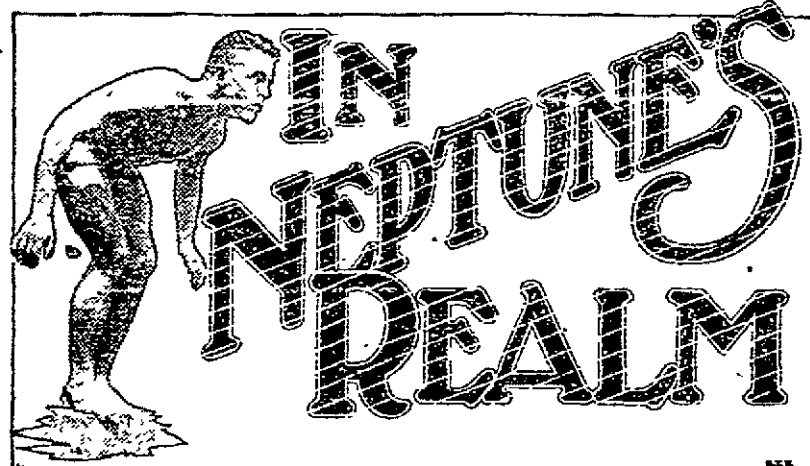

Lovers of the pocket billiard game were offered a treat last evening in a match between Tom Huston, once master of them all, and W. A. Karm, the Oakland billiard parlor star. The players are booked up for a three-night contest of 45 points.

Right from the start in the first block Karm showed that he was in excellent form and opened hostilities with a run of thirty. Huston, evidently handicapped by being out of condition, was unable to come back and all through the game the local man led. It is a fact that the city players in both pool and billiards and when the ex-champs come here they have to be in form or suffer defeat.

The final count was 159 for Karm and 157 for Huston, and it was perfectly evident that Karm made no effort to evade himself to gain the lead he had. It must be admitted, however, that Huston is a master at the pocket game and has always had a tendency to get a line on the other fellow's play before he let himself out.

Knowing that he is capable of pool of sensational calibre the fans are watching the game intently and tonight in the second block it is confidently expected that Huston will step out with some of the old time form which made him the peer of them all. No charge is made for the Huston-Karm match at the Oakland Billiard Parlor.

The Fremont high school football inter-class meet, under the direction of G. R. Nash, ended in a clean sweep of the series by the seniors. The seniors included such stars as Day, Belgrano and Borret.

(By ERNIE SMITH)

Nineteen fifteen will be a big year in aquatics. From all present indications the followers of swimming will have their hands full in keeping track of the long list of events which will take place during the exposition year. Local championships, district championships, state championships, American national championships and world's championships are all scheduled to take place on the Pacific Coast, and most of them in San Francisco next year. There is absolutely no doubt that local swimmers and aquatic enthusiasts will be given plenty of opportunities to become acquainted with the world's best and to learn first-hand the technique and styles of the greatest living swimmers. There is also no doubt that the local representation will uphold the swimming prestige of the state.

Barrett Small, in the sprints, and Lady Langer, in the distances, are two swimmers who will meet the best of the world on even terms. Small, who is a member of the Olympic Club, recently swam 100 yards in 58 flat. Considering the tank which is notoriously slow in this time will compare favorably with that of Duke Kahanamoku, who has swum the 100 in 54.4 seconds. His defeat of Kahanamoku in the 50 yards at Honolulu shows that he can meet such swimmers as the Hawaiian without handicap. Langer, who is the acknowledged world's champion in the 40 yards, will defend his title rather than swim to win it. Hodgson, the Canadian champion, will be his chief opponent. Hodgson, it will be remembered, won all of the distance events at the Olympic games at Stockholm, setting new records for the 40 and 50 meter events. Eastern aquatic followers declared that Langer is a better swimmer in the matter of form and endurance. When these two wonders meet the water will certainly be another interesting competition.

Between the Illinois Athletic Club, the American National Champions; the Hull Nahu Club, Champions of Hawaii; and the best of the world's Australasian Club, will be worth miles of travel to witness. A glance at the names on these lists will show that the league has gathered up the best talent obtainable. A list of players has been turned in from each management as follows: Ambrose, manager; Josephson, Tobias, manager; "Speed" Martin, Monahan, Manning, McDonald, Wolfson, Truck, Quigley, McGee, Ferrier, O'Connor, DeVine, Holstrom, Tobin, Lunn, Conger.

Drier & Nevers, Carl Jones, manager; "Flash" C. Jones, manager; Rummel, Schreyer, Selman, Bartram, Boldt, Jackson, Davis, Adams, Palgrem, team manager; Fitzsimmons. Lorne Stanley, Glantz, Lynne Stanley, Meadows, Clark, Bost, Smith, Jackson, Houston, Frelo, Ramsey, Dunagan, Fletcher, West, Mitchell, Logan, and others. Grove Street Merchants, Wm. Steinbeck, manager; Kerr, Garcia, Fierod, Scanton, Hodgman, Hoffman, Ferguson, Cunningham, Humphreys, Laconstra, O'Connor, Gogler. St. Mary's College, M. A. Neils, manager. This club will be made up from the college and a number of different players will try out during the season. It is unable to state the line-up at the present time, but it is a well known fact that the college has put very strong team in the field at any time.

SALE OF CUBS MAY GO THROUGH TODAY

CHICAGO, Nov. 12.—The sale of the Chicago National baseball club, Charles Weegman, owner of the Chicago Federal league club, was expected to be completed today as a part of the peace plan between organized baseball and the Federal organization. A conference arranged by August Hermann of Cincinnati, Pacific Coast representative, and Weegman, was to be attended by Weegman and George Ward, one of the owners of the National League, and the other champions will break several records. Swimming in Marin county has ever witnessed. The splendidly equipped municipal baths of San Rafael will open with big open swimming pools. The city of San Rafael is planning to have several events for ladies. The tank at San Rafael is well suited to hold championship races and it is likely that the National and the other champions will break several records. Swimming in Marin county has been gaining in interest and the opening of the splendid pool will mark the beginning of a new aquatic era in this part of the state. The municipal bath proposition is, besides being one which will not be a permanent income to the community, a desirable one in an economic way. Swimming as a pastime is a very beneficial one in a physical way, and has been proved an excellent cure for ill-fitting and more harmful amusements.

Who'll Be Hero of
This Year's Big Game?

Each yearly rugby battle between Stanford and California has claimed its rugby stars. In fact, every important battle, both in baseball, track or football, an almost common player has been immortalized. Fans are now trying to figure out who will spring the surprise this year. California followers claim that Tilden, Brooks, and McKim have the best chances of making their names famous while Stanford figures Leachman, Willie or Urban to show heroic form. In 1906, Jimmie Schaeffer first came into prominence by showing Stanford how to play rugby. In 1907, Stan Mitchell and Babe Crawford of Stanford played their way to fame, while in 1908 Corf, Phlegier, Paul, and Swartz featured, which, by the way, helped to register California's first rugby victory.

Pearl, Allen, Morris and Stroud took leading honors in the 1909 feet, while Amos Elliot's conversion of five tries made him a hero in 1910. Stanford's Benny Erb and California's Stroud and Elliot held first honors in 1911, while Pearl and Erb's famous mud fight pitted Stanford's Carrol and Charlie Austin of Stanford, we have last year's stars and all the fifteen heroes of their day. Now we are waiting to add this season's stars to the list of brilliant players California has seen.

NEW STYLE FIGHT
CARD O. K.; FANS
SEEM SATISFIEDWheelmen's Club Stages Ten
Fast Bouts Under New
Regulations.

(By THE TIMEKEEPER.)

That Jimmie Rohan will be successful in promoting amateur boxing bouts under the new law was assured by the large crowd of satisfied fans who witnessed last night's bill. Ten rattling good bouts went to make up a very entertaining evening, and the fact that most of the boys were evenly matched was an improvement over the usual four-round show. Everything was conducted according to the new law, medals being put up for the winners.

The camera theater is today displaying a large piece of crepe. Their one and only "Wild Bill" met his Waterloo. The aggressiveness which has so far tided him through the toughest of the amateurs was of no avail against "Noisy" Nolan's cool head and caught "Wild Bill" coming in. It was a good scrap while it lasted, and Bill made an ungraceful but tame retreat after about two minutes of fast work.

Kid Goldie, the much-touted "rough-house" kid, didn't get a chance to make a showing. George Heinkel, the pride of Broadway, waded right in, and after about a minute of swinging, Goldie lowered his colors.

Davis, a clever little dandy, and Battling Corbett went for an extra round. Corbett's "Willie Hoppe" tactics and experience won him the decision. Davis was the toughest of the amateurs, and his opponent was unable to get a word in edgewise.

Young Corbett of Alameda took a hard-fought four-round decision from Young Alex. Alex tried hard but was unable to bring the cream off of the Coast League. The bout between Kid Spence and Kid Drouette was stopped in the second when Kid Spence refused to fight back. Spence got the decision.

Irish Mick, as usual, put up a whirlwind scrap for two rounds, but laid down in the third. Kid Gibbons took a four-round decision from Joe Ketchell. Ketchell was outclassed. Young Dixon took a decision from George McGuire of the Wheelmen Club. It was the fiercest battle of the evening, both boys being nearly out in the third. Dixon's victory was by virtue of a knock down by the bell in the second round.

Willie Perry won from Ernest Johnson. Perry had a good lead, but it was a hot fight. Frankie Edwards refereed all the bouts over Al Moffat, Fred Murdoch and "Fat" Larue acted as judges.

A work from Sunday Jimmy Clabby will be behind the footlights of the Oakland Panthea theater, showing us how a middleweight prince punches holes in the atmosphere and makes his trainers. If all boxes were as good looking as the Hammond box, the game would make many friends via the footlight route.

Clabby hopes to get a ten round bout with Mike Gibbons in New York next month. Manager Larry Litchenstein has already been offered \$500 for the club end of such a match.

Louis Parente is still up in the air over to the footlights of the Oakland Panthea theater, showing us how a middleweight prince punches holes in the atmosphere and makes his trainers. If all boxes were as good looking as the Hammond box, the game would make many friends via the footlight route.

BASE BALL
By Billy Fitz

Frank Leavitt, Oakland baseball mogul, is heartily in favor of the plan suggested in these columns the other day, for a post-season series between an All-Star Coast League team, picked by official scorers, and an All-Star Major League team, the receipts to be divided amongst the players.

"I think such a series would be a splendid idea," said Leavitt today. "And I believe the other managers would also look upon the plan with favor. I shall certainly bring it up for action at the spring meeting of the Coast League directors."

"Last year," continued the Oakland baseball magnate, "knew that there was a chance for him to gain fame and a great sum of money at the close of the season, even though he was on a tail-end club, he would certainly be hustling all the time. Also, the fans would watch the individual efforts of themselves and the selection would cause considerable discussion and argument. There should be some means of recognizing the star player on a weak club, and I think such a plan as THE TRIBUNE suggests would solve the problem."

Let us hope this talk of peace between the Federals and organized baseball is not mere talk. If war is continued and the Federals are not given a death blow right off the reel, the Pacific Coast League will be the first to feel the knife. Fielder Jones, the Northwest magnate, who is running the St. Louis outlaws row, and George Stovall will just about bring the cream off of the Coast League plan. If organized baseball gets too fresh.

Jones will take Bertor of Venice and Roy Corban of San Francisco and outfielder Quinlan of Oakland. Likewise "Dutch" Klawitter, also of Oakland. Stovall claims to have four men on a string from this coast, who have all promised to be a bullfight if peace is not declared.

McCredie wants to trade Buddy Ryan, Elmer Lober and Fred Derrick, and Manager Christian is believed to be negotiating with the Portland manager with the purpose in view of getting all three.

In sending three infielders to the majors in one season, Walter McCredie has achieved another honor seldom won by a class AA manager. Second baseman Rodgers goes to Cleveland, shortstop Bancroft to the Phillies and third baseman Kores to the New York Giants. McCredie has another young star in Davis who will play first base. McCredie has only second to take care of. Watch how easily he does it!

It is quite within the realm of possibility that the Pacific Coast League may become next year an eight-club organization.

CHICAGO, Nov. 12.—The Federal league was organized on a major league basis and will continue as such, no matter what day may be made with organized baseball, according to a statement made last night by President James A. Gilmore of the Federal league.

BERRY TO SELL
ANGELS AND BUY
INTO SEAL CLUB

LOS ANGELES, Nov. 12.—Henry Berry and Thomas Stephens, majority owners of the Los Angeles baseball club, and along with Clarence Berry prospective buyers of the San Francisco Seals, expect to sell their interest in the Angels within a few days.

Thomas Darmody, vice-president of the club and a minority stockholder, will secure control with the backing of two men whose names Larrymody withheld. After a conference with these two men Darmody said that he expected to close the deal within two or three days.

The Gerry and Stephens have a 20-25 option on the San Francisco club, which they say they will exercise upon the completion of the deal here.

Stephens are negotiating a long time lease on Recreation Park in San Francisco. They expect no difficulty in securing this.

FEDS WILL INSIST ON
MAJOR STANDING

CHICAGO, Nov. 12.—The Federal league was organized on a major league basis and will continue as such, no matter what day may be made with organized baseball, according to a statement made last night by President James A. Gilmore of the Federal league.

So Refreshing! After a Hard Day The Pianola

Mr. Business Man, you have those vexatious days, when everything seems to go wrong, or business is at a standstill, or you are working harder than usual—

But in the evening—forget it all!—sit at the PIANOLA and allow your thoughts to follow the paths of melody, far from the worries and irritations of business.

With the PIANOLA the keen, refreshing pleasure of creating music, of playing music—not merely listening—is yours. Your hour of music in the evening will not only refresh you but strengthen you to meet the problems of tomorrow—and on the morrow there will be the remembrance of melodies you played the evening before.

Remember, there is but one Pianola—Let us show you how easily you can play and how easily you can acquire a Pianola.

KILLS SELF OVER MOTHER'S THEFT

Woman Steals in Order to Make Payment on Son's Operation.

SAN FRANCISCO, Nov. 12.—Mrs. Alice Brennan, 50 years of age, residing at 1001 Hyde street, committed suicide in order to save the life of her 20-year-old son John.

After the money had been spent in part payment for an operation the youth discovered its source and killed himself.

This story of maternal sacrifice and boyish remorse came to light in the police court and morgue yesterday. On the calendar in Judge Deasy's court the name of Alice Brennan appeared, charged with petit larceny. At the same time Coroner Leland and a jury listened to the details surrounding the suicide of John Brennan, on Pacific street, on the morning of November 1.

The coroner's jury rendered a verdict assigning melancholia as the cause of young Brennan's act, and Judge Deasy, upon learning the circumstances, ordered the immediate release of the mother on her own recognizance.

Brennan, the oldest of four children, suffered from tuberculosis of the spine, and the disease having reached an acute stage, an operation was decided upon as a last resort.

The theft of the money was reported to the police. Detectives Gallagher and Jackson traced it and arrested Mrs. Brennan on Tuesday morning. She remained in jail until yesterday morning, when the inquest revealed the facts.

"STONE BROKE," CLAIMS ELDER IN PROCEEDINGS

LOS ANGELES, Nov. 12.—Supplemental proceedings before Judge Wood yesterday substantiated the recent claim of Charles A. Elder that he is "stone broke." Elder, A. P. Thomson and G. M. Derby, former directors of the Los Angeles Investment Company, appeared in court in connection with \$484,516 in judgments obtained against them.

The judgments, which were obtained by the Los Angeles Investment Company, were given against them on unpaid promissory notes given in payment of stock in the company. Against Elder the company secured a total deficiency judgment of \$363,545; against Derby, \$62,867, and against Thomson, \$3144.

Elder, when questioned by Attorney Trotter for the investment company, broke down in precedent of refusing to answer on the grounds it might incriminate him and replied readily to all questions.

Among other things he stated he was working for wages in real estate and that he and his family were living in a \$10-a-month house.

Derby testified he had no home, but lived with his father at Inglewood and had an insurance policy of \$1000. Thomson stated that his wife owns the home in which they reside and that he testified was mortgaged for \$1500.

Thousands Found in Hovel Homes by Social Survey

CHICAGO, Nov. 12.—There are 1396 persons, making up 357 families, living in one block in one of Chicago's tenement districts, according to a report today by investigators of the bureau of social survey.

The investigators found only eight bath tubs in the block—an average of one tub for each 200 people. Forty-six persons have the eight bath tubs, the remaining 1350 having no tub at all. More than one-fourth of the families live in three-room apartments and have only one bedroom.

Wages of the householders were found to average \$12.27 a week and the yearly family income was said to be far below \$12 a week. Of the 1396 persons living in the block 805 are children.

DIRECTOR OF HEALTH BOARD IN QUARANTINE

SACRAMENTO, Nov. 12.—The state board of health has ordered Dr. J. A. Sawyer, director of the state hygienic laboratory, to be put under quarantine for diphtheria the same as any ordinary citizen unused to peeking through microscopes at the bugs. Dr. Sawyer is supposed to have caught the infection while working in his laboratory. He will be under quarantine for some days yet.

OFFERED PRESIDENCY.
CHICAGO, Nov. 12.—James Rowland Angell, dean of all the faculties at the University of Chicago, has been offered the presidency of the University of Washington. It was learned today. The dean, who is a son of James B. Angell, president emeritus of the University of Michigan, is said to be in Seattle now in connection with the offer.

What Finish for the Woodwork?

THIS is a question that every home builder has to decide. Upon the answer depends to a large extent the appearance of the home.

He answers wisely who decides upon that rich, permanent, dull effect so popular nowadays. It can be obtained by the use of Hilo Flat-Finish.

This splendid varnish gives even, uniform results from the first drop to the last. Its finish is equal to that of the best rubbed varnishes and it saves the time and expense of rubbing.

If you are building a home or refurnishing a room, look carefully into the question of Hilo Flat-Finish. Ask your dealer about it. Get from him or write us for instructive booklet, "The Use of Hilo Varnishes in YOUR HOME."

Painless Parker MAKES GOOD

19TH AND BROADWAY.

END INDIGESTION OR STOMACH PAIN IN FIVE MINUTES

"Pape's Diapiesin" Makes Sick, Sour, Gassy Stomachs Feel Fine.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know Pape's Diapiesin will save them from any stomach misery.

Please, for your sake, get a large fifty-cent case of Pape's Diapiesin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it without dread of rebellion in the stomach.

Pape's Diapiesin belongs in your home anyway. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytimes or during the night, it is handy to give the quickest, surest relief known.—Advt.

KIRKPATRICK LEAVES ESTATE TO HIS WIDOW

SAN FRANCISCO, Nov. 12.—The will of the late Colonel John C. Kirkpatrick, manager of the Fairmont and Palace hotels, was filed for probate yesterday by his widow, Elizabeth Kirkpatrick. The estate is valued at about \$200,000, which is bequeathed to the widow. The testator states he knows Mrs. Kirkpatrick will provide well for the two children, W. A. Kirkpatrick and Suzanne Macdonald, but that she should remember the son has received \$10,000 more than the daughter during the lifetime of the father.

The will of Dr. James W. Keeney, also filed for probate, leaves the \$17,300 estate to the widow, Mary A. Keeney. A bequest of jewelry is made to the son Charles.

BESLEY COMING; CLAIMS DISCOVERY

Explorer Bringing Relics From Peru; Found Source of Amazon, Claim.

LOS ANGELES, Nov. 12.—Claiming the discovery of a lost city of the Incas in Peru and the locating of the true source of the Amazon river, Captain J. Campbell Besley, well known in Los Angeles and Southern California generally and in other parts of the world where there are society and polo, is expected to arrive soon in this city.

Abandoning for a time the pleasures of polo and of social events, the English officer has made two scientific expeditions into the wilds of South America, returning with his two startling announcements of important geographical discoveries.

On his first expedition in 1913, Captain Besley and party found the Inca city and took thousands of feet of moving pictures of it, showing what had been a thriving community up to the sixteenth century, when Pizarro conquered Peru.

He returned with the film to New York, where it was stolen from him, together with a collection of pottery and metal work and other relics gathered in the ruined city.

REPLACED STOLEN FILMS.

His second expedition was undertaken primarily to replace the lost films, which he succeeded in doing, and in addition, brought back pictures of what he said was the Amazon's source.

"We traced the Amazon ten miles northeast of the spot called its source by the American geographers, Squires, and generally accepted as such by other geographers," said Captain Besley, in speaking of his discoveries in New York.

"The stream we found seeping out near the top of the great mountain, however, is the true source of the longest stretch of the great river system."

MANY CURIOSITIES.

"The stream rises as the Vilcanota river. A little north it is known as the Umbamba, of 'Noisy'; then the Antichu, then the Ucayali, and then the Marañon, which flows north and west until it grows into a great stream and joins the Amazon."

Captain Besley and his party brought bows, arrows and other relics from Indian settlements near the headwaters in Bolivia of the Beni and the Madre de Dios rivers, which flow into the Madeira, which also receives the waters of the Rio Tootoro, Colonel Roosevelt's "River of Doubt."

Other relics included an incomplete skeleton, including a skull, of a human being, who must have been eight feet in height. Other curiosities were human skulls believed to be four thousand years old and upon which trepanning operations had been performed.

The prospect of Captain Besley's bringing his treasures to Los Angeles has filled society people and scientists with keen interest in his expected visit here in the near future.

AGED WOMAN IN CUSTODY.

When Mrs. M. Couellart, 80 years of age, insisted upon disrobing at Fourteenth and Webster streets, she was taken into custody by a police officer and taken to the Emergency hospital, where she is being held for observation as to her sanity. The aged woman is said to have been brooding over the war troubles in Europe. She is a German by birth.

PASTEURIZE MILK, IS U. S. WARNING

Foot and Hoof Disease May Be Transmitted, But Is Self-Dom Serious.

WASHINGTON, Nov. 12.—Foot-and-mouth diseases now raging among cattle in fourteen states is communicable to humans, the department of agriculture announced today, but its effect rarely is serious. The department urged, however, that humans keep away from diseased cattle to avoid spreading the infection, and recommended the use of pasteurized milk.

The statement said in part: "The anxiety that has been expressed in several quarters in regard to the effect on human health of the present outbreak of the foot and mouth disease is regarded by the department of agriculture as somewhat exaggerated. The most common fear is that the milk supply might become contaminated, but in view of the precautions that local authorities in the infected areas are very generally taking, there is comparatively little danger of this. Milk from infected farms is not permitted to be shipped at all. The only danger is, therefore, that before the disease has manifested itself some infected milk might reach the market. For this reason, experts in the department of agriculture recommend pasteurization. As a matter of fact, however, pasteurization is recommended by the department in any way for all milk that is not very high grade and from tuberculous tested cows."

"It has been demonstrated by experiments which have been made in Denmark and Germany that pasteurization will serve as a safeguard against contagion from the foot and mouth disease just as readily as it does against typhoid fever, but in any event it must be thoroughly done—the milk must be heated to 145 degrees Fahrenheit and held at this temperature for thirty minutes."

ALLEGED LOTTERY RAID.

Corporal Pullman and Patrolman Gannaw last night raided an alleged Chinese gambling house at 421 Eighth street and arrested several men as witnesses. Other patrolmen made arrests in the streets of citizens on charges of having lottery tickets in their possession. Two arrested were Thomas Barry, Daniel Barde, Homer Sheppard, Al Sine, Louis Gorin, Henry Roelke, X. Yarak and James Murray.

WAITRESS IS ARRESTED.

SAN FRANCISCO, Nov. 12.—Miss Florence Siefert, a waitress, was arrested by Patrolman J. J. Brown this morning and booked for grand larceny on complaint of J. A. Jernigan, who accuses the woman of picking his pockets of \$4.20.

EPWORTH LEAGUE WILL OBSERVE WORSHIP WEEK

This week has been set apart by the Epworth League of the Methodist Church throughout the United States as a week of religious worship, and to that end ministers of churches in Oakland and Berkeley will deliver addresses in the First Methodist Church at Twenty-fourth and Broadway each evening except Saturday. Among the speakers asked to participate during the week are Rev. Lapsley A. McAfee of the First Presbyterian Church of Berkeley, Rev. E. R. Dille of Trinity Methodist Church of Berkeley, Rev. William C. Poole of San Francisco, Rev. George W. White, pastor of Oakland City Methodist Church and Rev. Alexander Beyer of the Christian Church of this city. The latter will close the week's program on Friday evening with an address, "The Cloister or the Battlefield."

On Sunday evening the league will conclude their observation of the special week's work with a talk by Dr. White at 8:15 p. m. Special music will be furnished by J. P. Jones, Edgar Williamson, Miss Nellie Stevenson, A. J. Williams and the March Quartet.

Use "Gets-It," Corns Shriveled, Vanish!

It's the New Way, and You'll Forget You Ever Had Corns.

No Corns to Bump. No Pain, If You Use "GETS-IT."

"Drops put on in 2 seconds, corn shriveled, comes clean off!" That's the marvelous story of "GETS-IT," the new corn cure. Nothing can be simpler for the cure of corns—and it never fails. That's why millions of people are using "GETS-IT" today and throwing their corn patches, sticky tape, toe-casing gloves, and "wrapping outfits" that make a bundle around the toe and choke it into pain by pressing either on or around the corn. There is no more to stick to your stockings, nothing to cause inflammation or rawness, nothing to press on or around the corn. You apply it in 2 seconds. No more knives, razors, saws or files, with their blood-poison dangers. "GETS-IT" for that corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by The Owl Drug Co., 14th and Washington, Oakland, Cal. "GETS-IT" is sold in Oakland by The Owl Drug Co.—Advertisement.
